

**ADDENDUM No. 2
3/27/20**

**Sanitary Sewer Improvements 2020 – Contract 1
Sanitary Sewer Rehabilitation
City of Owosso
OHM Job No. 0020-19-0050**

The following changes, additions, and/or clarifications to the Contract Documents shall be incorporated in said documents and shall be allowed for in the unit prices bid by the Contractor such that the unit prices indicated in the Bid Form shall represent the conditions as set forth in the Contract Documents and this addendum. **The bidder shall acknowledge the receipt of this addendum on attached page and shall send the receipt of addendum form by email to Trista.VanWormer@ohm-advisors.com.**

PRE-BID MEETING MINUTES:

Date: March 24, 2020
Time: 2 p.m.
Location: Teleconference - Dial (312) 584-2401 ext. 2000162

OHM, City Staff and EGLE participated in the teleconference. The meeting was facilitated by OHM Advisors.

The following items will be discussed:

CONTRACT REQUIREMENTS:

Bid Opening:

- Due Date – April 7, 2:30pm at City Hall
- Bid Opening – Will be a revised format due to our current circumstances. An addendum will be issued outlining this process.

Addendums:

- Addendums will be available on the city's website at www.ci.owosso.mi.us. They will also be available on the www.questcdn.com website under the project number.

Qualification Requirements:

- See item #8 in Instructions to Bidders

Liquidated Damages:

- The liquidated damages on this project are \$1,000 per calendar day per the bid proposal.

EGLE Requirements:

- Davis-Bacon Federal Prevailing Wages
- Disadvantaged Business Enterprise (DBE) Requirements – see summary attached
- Debarment/Suspension Certification
- American Iron/Steel

Schedule:

- Phase I: June 1, 2020 - November 13, 2020
- Phase II: November 16, 2020 – March 26, 2021
See Appendix A for Phase I/Phase II Project Locations

SCOPE OF WORK:

- Sewer/ Manhole Lining, Sewer Grouting

QUESTIONS:

1. The pay item for manhole lining is stated as “Manhole, Interior Lining, Polyurea”. Will other manhole lining processes be considered besides “Polyurea”?
-Yes, other manhole lining technologies will be considered.
2. Will a “closed-cap” assessment of service leads be adequate for re-instating service leads?
-Yes, if a service lead has been capped off, it will not be re-instated. All other open leads will be re-instated.
3. Is EPA Form 6100-2 included in the contract?
-No. See Form 6100-2 attached.
4. Are manhole chimney replacements included in this contract in addition to manhole lining?
-Yes, both replacing and lining manholes will be included in this contract

BID PROCESS:

Prospective bidders will not be able to attend the bid opening as City Hall is currently closed to visitors due to COVID-19 guidelines.

The City will receive bids through FED Ex, UPS or USPS only. BIDS DELIVERED IN PERSON WILL NOT BE ACCEPTED.

The bid opening will be conducted on Facebook Live, this can be accessed through the following link: <https://www.facebook.com/Owosso/>.

The City will open bids for two sewer projects beginning with Contract 1 at 3:00pm. Once bids for Contract 1 have been opened, City Staff will then open bids for Contract #2.

FEDERAL PREVAILING WAGES:

Wage rate decisions that shall apply to this contract are attached.

Disadvantaged Business Enterprise (DBE) Good Faith Effort (GFE) Solicitations A Quick Summary of the SRF/DWRF Requirements for Prime Bidders

[Note: This process is very different from MDOT's DBE Policy. Unless the contract is part of a joint project with MDOT, if a bidder follows the MDOT DBE requirements they will not be in compliance.]

- I. At least three (3) DBE subcontractors for each potential subcontracted area of work must be directly contacted by Primes during the bidding period (i.e. prior to bid opening). Primes must complete a GFE Worksheet for each area of work that may be subcontracted and attach documentation of the direct contacts that were made with DBE subcontractors (e.g. copies of all solicitation letters, e-mails, fax confirmation sheets, phone logs, etc.).

The Prime must indicate on each GFE Worksheet if there was a 'Price Quote Received' and if it was 'Accepted/Rejected' along with an Explanation if it was Rejected.

- II. If a Prime determines less than three (3) DBE subcontractors exist for an area of work that may be subcontracted, printouts dated prior to the bid opening must be provided for adequate supporting documentation EITHER from two (2) state-wide DBE registries and an advertisement through a publication which directly contacts DBEs for identified subareas (e.g. MITA) OR from three (3) state-wide DBE registries without publishing such an advertisement. The Michigan Department of Transportation (MDOT-MUCP) <http://mdotjboss.state.mi.us/UCP/> and the federal System for Award Management (SAM) www.sam.gov are both acceptable DBE registries. Other registries consulted will be considered if printouts are provided dated prior to the opening of bids.

[Note: If a Prime claims on its GFE Worksheet there are zero (0) DBE subcontractors for an area of work, the printouts must support this. If a Prime claims on its GFE Worksheet there are only one or two (1 or 2) DBE subcontractors, the printouts must support this AND a direct contact(s) for each identified DBE subcontractor must be documented.]

- III. Posting a solicitation for quotes/proposals from DBE subcontractors on the MITA website (www.mitadbe.com) is highly recommended to facilitate participation in the competitive process. The solicitation must identify the project and the area(s) of work to be subcontracted. If used, a copy of the MITA advertisement must be provided.
- IV. Refer to the DBE-GFE solicitation documents in the current version of the required contract language and the design phase guidance which are both available on the DEQ website at www.michigan.gov/cleanwaterrevolvingfund. If a potential bidder has any DBE-GFE questions, have them contact the DEQ Project Manager.

Disadvantaged Business Enterprise (DBE) Program DBE Subcontractor Participation Form

An EPA Financial Assistance Agreement Recipient must require its prime contractors to provide this form to its DBE subcontractors. This form gives a DBE¹ subcontractor² the opportunity to describe work received and/or report any concerns regarding the EPA-funded project (e.g., in areas such as termination by prime contractor, late payments, etc.). The DBE subcontractor can, as an option, complete and submit this form to the EPA DBE Coordinator at any time during the project period of performance.

State: Michigan

Construction Types: Highway (Highway, Airport & Bridge xxxxx and Sewer/Incid. to Hwy.)

Counties: Michigan Statewide.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were

prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is

based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.80 for calendar year 2020 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.80 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2020. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.
