

CITY OF OWOSSO
SPECIAL MEETING OF THE CITY COUNCIL
2014-15 BUDGET WORK SESSIONS

Meeting to be held at City Hall
301 West Main Street

AGENDA

PLEDGE OF ALLEGIANCE:

ROLL CALL:

ADDRESSING THE CITY COUNCIL

1. Your comments shall be made during times set aside for that purpose.
2. Stand or raise a hand to indicate that you wish to speak.
3. When recognized, give your name and address and direct your comments and/or questions to any City official in attendance.
4. Each person wishing to address the City Council and/or attending officials shall be afforded one opportunity of up to four (4) minutes duration during the first occasion for citizen comments and questions. Each person shall also be afforded one opportunity of up to three (3) minutes duration during the last occasion provided for citizen comments and questions and one opportunity of up to three (3) minutes duration during each public hearing. Comments made during public hearings shall be relevant to the subject for which the public hearings are held.
5. In addition to the opportunities described above, a citizen may respond to questions posed to him or her by the Mayor or members of the Council, provided members have been granted the floor to pose such questions.

NOTE: This document will serve as the agenda for the budget work session meetings scheduled for April 20th, May 1st, 6th, and 14th, 2014. Opportunity for citizen comment will be provided at each meeting.

DISCUSSION

1. Wednesday, April 30, 2014 at 6:00 p.m.

A. General Fund - Budgeted revenues

B. General Fund - Budgeted expenditures

- (1) General services--city council, city manager, finance, assessing, city attorney, clerk, personnel, treasury, information and technology, cable commission
- (2) Community development--building and safety, community development Special Revenue Funds--Community Development Block Grant Revolving Loan Fund and Housing and Community Development Fund
- (3) Public safety--police, fire, emergency medical
- (4) Public works--buildings and grounds, public works, leaf and brush collection, parking, parks

2. Thursday, May 1, 2014 at 7:00 p.m.

- A. Major/Local Street Funds – Bond Proposal
- B. Storm Sewer Projects
- C. Building Authority

3. Tuesday, May 6, 2014 at 6:00 p.m.

- A. Housing
- B. Brownfield Authority Funds
- C. Downtown Development Authority
- D. Historical Commission Fund

4. Wednesday, May 14, 2014 at 6:00 p.m.

- A. Future Revenue Streams

CITIZEN COMMENTS & QUESTIONS

NEXT MEETINGS

Monday, May 5, 2014 at 7:30 p.m. – Regular Meeting
Monday, May 19, 2014 at 7:30 p.m. – Regular Meeting

ADJOURNMENT

The City of Owosso will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audiotapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting/hearing upon seventy-two (72) hours notice to the City of Owosso. Individuals with disabilities requiring auxiliary aids or services should contact the City of Owosso by writing or calling the following: Amy K. Kirkland, City Clerk, 301 West Main Street, Owosso, MI 48867 or at (989) 725-0500. The City of Owosso Website address is www.ci.owosso.mi.us

----------------------------------------	---------

April 7, 2014

Dear Honorable Mayor and Councilmembers:

This constitutes my recommendations to be reviewed as the proposed financial and operations plan and enhanced budget proposal allocating resources and defining expenditure priorities. Pursuant to the *Charter of the City of Owosso*, I transmit a recommended budget for the Fiscal Year (FY) 2014-15, beginning July 1, 2014. The council will now hold a public hearing at least one week before adoption.

The proposed budget is balanced without any tax increases only because of severe cuts in programs and projects that are addressed later.

Basis of Budgeting

The FY2014-15 budget incorporates the *Michigan Uniform Chart of Accounts* as required under Michigan Public Act 451 of 1982 as amended.

Each section of the budget lists account number, FY2012-13 actual, FY2013-14 adopted, year-to-date (July 1, 2013 thru February 28, 2014). The budget format provides a basis for a comparative analysis of expenditures and appropriations by fund, department, activity, and line item classification. In addition, a supplemental document is being provide listing actual back to FY2004-05.

Owosso's financial structure is made up of the general fund and many funds which have specific purposes generally being for legal and accounting purposes and not for budgetary purposes. Those which require addressing are major and local streets; historical; downtown development; brownfield development; building authority; pension; and water supply, sewerage disposal and wastewater collection and treatment.

Other funds of the city can be characterized as trust and agency funds and may be excluded from primary budget consideration.

The basis of budgeting is the same as the basis of accounting used in the city's audited financial statements.

General Fund budget, which supports many day-to-day activities of the city, is \$6,853,325 representing a slight increase of \$132,075 from the current year's budget. To make this happen, the fund balance will be reduced by \$3,000.

Of special interest, the proposed general fund budget includes funding for:

- the initial payment (\$140,000) for a new ambulance which will be financed over five years. There is a possibility that some of the cost may come from the USDA Rural Public Safety Agency Grant and Loan Program.
- the purchase of two in car cameras--\$5,300.
- the purchase of a detective car--\$17,800.

Major/Local Street Funds

Owosso maintains 24.41 miles of major streets and 47.53 miles of local streets. Street expenditures in the proposed budget, which support the day-to-day activities such as maintenance and snow plowing, are proposed to be \$1,611,450 less \$252,500 transfer to local streets, resulting in a local street budget of \$597,450. The quality of streets, bridges, sidewalks and storm sewers will continue to decline if more funding is not raised for repairs, maintenance and reconstruction. Without general fund money being transferred, there is insufficient money to do what needs to be done and the streets fail--which our street study documented and which is increasingly obvious to even the casual observer. Without bond money for reconstruction and the help of the state of Michigan through the restoration of revenue sharing and/or the modification of the state street funding formula, we are at a losing game.

Budget projections include:	Major	Local
Gould Street bridge reconstruction	\$630,475	\$ 0
Routine maintenance	\$345,500	\$301,900
Snow removal	\$107,000	\$ 62,300
Tree trimming	\$ 52,200	\$ 82,800

In addition, there is a street capital projects fund which includes \$58,000 for the proposed South Lansing Street parking lot and a minimum of \$125,000 as the local contribution toward the Downtown Infrastructure Grant (DIG) of \$695,264.

Historical Commission Fund

The historical commission fund is extremely confusing due to the unclear responsibilities having a museum (Curwood Castle, Comstock Cabin and Paymaster Building), and a house with an unclear purpose which includes a "kinda" museum and two apartments (Gould House). Besides having the responsibility of preserving historical artifacts (normally the responsibility of an independent body with no city ties, which raises its own revenues), it also has the task of overseeing the above properties with a city appropriation.

The \$106,075 budget includes a \$62,800 city appropriation (\$42,800 from general fund transfer and \$20,000 from \$ commission fund balance) and \$43,275 from rents, fund raising and donations.

Downtown Development Authority/Main Street Fund

The Owosso Downtown Development Authority (DDA)/Owosso Main Street is generally operated independently of the city but is required by law to be a part of the city budget. Revenues in FY2014-15 will be down by \$12,500 because of personal property tax exemptions to \$177,000.

The DDA is also budgeting \$245,000 of bond money toward the Downtown Infrastructure Grant (DIG) match, also addressed under streets where an additional \$125,000 is appropriated. The DDA portion is anticipated to be repaid from the tax increment created by the improvement of the armory building.

Brownfield Development Fund(s)

The brownfield development funds serves as a conduit for refunding tax capture to participants-- ConAgra-TiAl, Robbins Loft, Capitol Bowl, Woodard Station, and the Wessner Building (inactive).

Building Authority Fund

The building authority is an entity which can construct and make improvements to public buildings. The city council can contract with the authority to make some needed improvements to city buildings, which include the immediate replacement of the city hall roof (\$90,000). Because of the payoff of the last improvement (heating and air conditioning upgrades to city buildings) this can be accomplished without a tax levy increase. This is not part of the proposed budget but will be covered in a budget work session.

Pension Fund(s)

Information about the actual pension fund contribution requirement has not been received; therefore, the same amount as in FY2013-14 (\$701,388) is being used. The possibility of bonding the outstanding balance awaits action on House Bill 5279 introduced by representative Ben Glardon.

Water Supply, Sewerage Disposal and Wastewater Collection and Treatment Funds

These funds support the day-to-day activities of the water treatment plant and distribution system and the wastewater collection and treatment plant. These are enterprise funds and are treated separately from this budget, and were addressed in multi-year budget in FY2012-13.

Setting the Stage for Fiscal Year 2014-15

Difficult economic times in Michigan continue. High unemployment rates persist, difficult and painful economic developments are covered in the newspaper headlines all too often, and state government continues to wrestle with these and other developments. The state's problems have been shifted to the local units of government, as businesses enjoy tax cuts and the state government grows a surplus while revenue levels for the state's local units of government remain stagnant or decline. Expenses continue to grow, as important and significant costs such as retiree pension and healthcare costs keep escalating. It appears that municipalities around the state are in actual and persistent danger of becoming financially insolvent. City management and elected leaders have considered and will continue to address many complex issues when establishing the upcoming year's budget, such as tax rates, fees, labor requirements and service programs.

Simply stated, Michigan local governments continue in a state of crisis. Nothing less than a profound change in our state's municipal finance model will resolve this crisis in the long term. Owosso city government has been heading for trouble since the decline of property values statewide. The fiscal year ending June 30, 2012 was the first year we experienced a decrease in fund balance. Some budgeted

shortfalls were anticipated but did not materialize, primarily due to layoffs, not filling positions and eliminating programs. For example, full-time staffing has fallen from 106 in FY1994-95 to 104 FY2004-05 to 85 today. This budget includes a further reduction.

The city has been cutting expenses and becoming more efficient for years, but the revenue declines will overtake us and are here to stay.

The shortfalls are only going to continue and will actually increase, as this is part of the structural problem with the municipal finance model in Michigan, defined by these and other factors:

- no upside for a built-up, older community with no open land;
- no big development to boost revenue by local taxation;
- our only option is to work within inflation-based revenue growth;
- taxable value of property has decreased dramatically by double digit percentages and has only begun to increase--this year by \$1,690,429;
- tax abatements have reduced annual income by \$96,833;
- property tax cannot, by Michigan constitution, ever return to past levels; and
- state constitutional limitations and the Headlee Amendment rollbacks do not provide for sufficient millage rate restoration even by voter initiative or approval.

Now in FY2014-15 we must project continued decline of income from property taxes and frozen state shared revenues.

Economic Realities Facing Owosso

Taxable values: Property tax only covers 49% of operating expense. This had always gone up by inflation but now will be a decrease -- we have lost \$712,699 this year compared to FY 2008-09.

State shared revenue, now called EVIP: We have to rely on state revenue sharing for 23% of operating expense.

Investment earnings: Besides the hit to revenue, this is also affecting the pension funds which translate directly into higher contributions from the general fund, as the pension fund is now only 89.7% funded.

Personal property tax reform: This will reduce general fund revenue by an estimated \$57,212 in FY2014-15.

State constitutional provisions (Proposal A and Headlee Amendment): These, combined with the implosion of property values, have created our issue. Growth in the taxable value of each parcel is limited to the lesser of five percent or inflation until the sale of that property, and increases in the value of the total tax base greater than inflation (excluding new construction, but including that caused by the sale of property) result in tax rate rollbacks. Of course, expenses for pensions, health care, and other necessities purchased by local government are not constitutionally limited and for pensions are constitutionally protected. Everything is working against a stable local government, to the point where basic services are threatened.

When adjusted for inflation in costs, taxable value of a parcel will never return to 2008 levels. Excluding the inflationary costs and even assuming a phenomenal 10% growth in S.E.V. annually, the taxable value per parcel will creep back to actual 2008 levels in about 20 years.

Organizational Solvency

While no Michigan community should be planning on an increase in revenue unless it has a huge new development, Owosso suffers more than most others, as it is an older community with little ability to expand.

The Question of Cash Solvency

Historically, Owosso has always been cash solvent and I would expect it to remain so for the foreseeable future. Cash insolvency occurs only when a city has a repeated history of budget insolvency leading to long-term insolvency. This budget, as presented, is cash solvent.

The Plan for Yearly Budget Solvency

The proposed FY2014-15 budget meets the test of budget solvency, as it is balanced and complies with state law, with drawing only \$3,000 of the unassigned leftover fund balances from past years to do it.

In reality, without the lease purchase the ambulance the FY2014-15 budget is \$7,925 less than the current FY2013-14. With the financing proposal the F 2014-15 general fund budget is \$132,075 more adopted FY2013-14 budget.

Amended Budget Possibilities for FY2014-15

In preparing budgets and appropriations, the goal is to avoiding budgeting potential grant or matching fund projects unless official approval has been received. For example, the DIG is budgeted because the approval was received and the grant documents executed. There is the possibility that several other grant and matching fund projects might be approved during FY2014-15, which will require budget amendments. One such possibility is improvements to the public safety building and replacement of heating and air conditioning units in several buildings.

Our Long-Range Solvency

As this year's budget document attests, we are maximizing our resources. The future solvency of Owosso will require very difficult decisions, including:

- consideration of a Headlee override (for public safety, parks and recreation, etc.) and/or
- adoption of an income tax to partially replace the property tax.

The state of Michigan has balanced its budget while actually making service delivery harder at the local level.

Owosso's budget for FY2014-15 reflects the times in which we live today. Owosso has trimmed payroll costs, maintenance costs, health insurance costs, training costs, and infrastructure investment at a time when demands for service (police, ambulance, code enforcement, vacant and dangerous building monitoring and abatement, etc.) have been the greatest.

Owosso has faced revenue declines since 2008. To date, overall resources have decreased, especially private property value in the community. The revenues that are quicker to rebound, such as sales and

income taxes, have been cut by the state of Michigan. While the state has built over a \$3 billion surplus, it has left the cities with a dying tax base inadequate for our times. No manner of so-called "cuts" or service sharing will reduce the cost of operations enough to offset these losses. Combining that with millage caps and no other revenue sources, along with the personal property tax reductions, means all Michigan cities slide toward insolvency and will eventually become like Flint or Detroit, making most of this other work pointless.

Service Delivery Solvency

This budget contains appropriations for all anticipated expenditures. All services are expected to remain viable with the modifications proposed. This budget fails to meet Owosso's core service needs for FY2014-15.

In FY2013-14 the city postponed the following and will continue to postpone for the foreseeable future:

• Library air conditioner replacement	\$10,000
• Video equipment for city council chambers	\$19,000
• Castle Park renovations	\$50,000-\$100,000
• City entranceway signs	\$25,000
• Streetlight conversions to LED	\$100,000
• Replacement of fire station drive	\$60,000
• Various software upgrades and services	\$20,000
• Ambulance replacement	\$150,000
• Property demolitions	\$30,000

In FY2014-15 the following needs have been eliminated or kicked down the road:

• Replacement of the city hall roof	\$90,000
• Contracting for rental property inspections	\$18,000
• Laser fiche licenses for records	\$10,000
• Replacement of two police vehicles	\$50,000
• Public safety building improvements	\$25,000
• Thermal imaging camera	\$10,000
• Audiovisual upgrades for council chambers	\$20,000-\$50,000
• Computer server and software upgrades	\$39,000

There remains a question of long-range service delivery. If revenues remain restricted or decrease and expenditures continue to increase, there will be no other option than to reduce services by further elimination.

Key Fiscal Practices

The budgets of the past few years and this coming next are more about staying on course toward meeting the city's primary goals, addressing its priorities, and making significant progress even in difficult times.

The financial and operating plan has the objectives of ensuring that this local government can provide the necessary governmental services essential to the public health, safety and welfare on an ongoing and sustainable basis and protects the continued financial viability of this local government.

Obviously, this cannot continue without obtaining additional revenues. As we enter the new fiscal year, we must examine revenue alternatives that require implementation, which include:

- increasing lease charges to the Shiawassee District Library;
- implementing a city income tax;
- obtaining a Headlee override--public safety, parks and recreation;
- enacting an advertising tax to fund SEDP and the historical properties as was proposed in 2013-14;
- increasing the trash collection tax;
- increasing the cable franchise fee;
- creating special assessment districts for street lighting and storm drainage; and/ or
- establishing a mobile home tax.

This is probably the ugliest and most difficult budget that I have prepared since my first one in 1968. The decisions required are not those that win popularity contests immediately; however, failure to make at least some of these difficult decisions will be the difference between the city's continued stability or the start of its severe slid downhill.

I respectfully submit this budget.

Donald D. Crawford
City Manager

COMMUNITY PROFILE

The name Owosso was adapted in 1840 from the name of a famous Chippewa Indian chieftain called “Wasso”.

Owosso, the largest city in Shiawassee County, with a population of 15,194 (2010 Census) and area equal to 4.45 square miles, is a widely diversified industrial and commercial center in the midst of a highly agricultural county.

It became an incorporated city in 1859, and early founders and planners may have had an eye to the future of the community. Shade trees were planted in the early days, and Owosso’s many tree-lined streets testify to the thoughtfulness of these plantings.

The main streets, now the business district of the community, were planned wide enough to alleviate congestion, so prevalent in other cities.

Owosso is an attractive place in which to live and work, and its short distance from other major Michigan markets make it an ideal mid-Michigan location for commerce and industry.

There are 120 acres of parks and playgrounds in Owosso, as well as two auditoriums for the performing arts, an outdoor amphitheater, and an art museum. Recreation in the area includes a four-mile river walkway, roller-skating rink, skate boarding, an in-city lake for fishing, golf courses and many other facilities for sports and fitness.

Within a 90 minutes’ drive of Owosso lie Lansing, Flint and Detroit, offering area residents enhanced educational, cultural, and recreational opportunities, including access to professional sporting events.

LOCAL GOVERNMENT PRIMER FOR CITIZENS

The City of Owosso operates under the council-manager form of government. Simply stated, all power is concentrated in the city council that employs a city manager to implement its policies and oversee the day to day operations of the city.

The limits of local government authority are determined by the state constitution, statutes, and the charter approved by voters in 1964. City council exercises this authority through the adoption of ordinances and policies, including the annual budget. Some provisions of the charter and ordinances establish other boards and commissions with responsibility for making recommendations or decisions concerning city policies and overseeing certain programs and activities of the city. The City also participates in several regional boards and commissions which implement regional agreements that cooperatively provide services for the entire area. In Owosso, the boards and commissions are:

BOARD OR COMMISSION

PURPOSE

Board of Review	Hears appeals from property owners regarding their tax assessments
Brownfield Redevelopment Authority	Uses financing mechanisms to redevelop obsolete and contaminated industrial and commercial properties
Building Authority	Finances construction of public improvements on which lease revenues can be generated
Building Board of Appeals	Makes decisions concerning variances from the provisions of various construction codes
Cable Access Advisory Commission	An advisory body with regard to all aspects of the public access cable service in the City of Owosso
Downtown Development Authority	Plans for and promotes the central business district
Downtown Historic District Commission	Oversees implementation of the State Historic District encompassing the downtown
Employees Retirement System Board of Trustees	Oversees the administration of the City retirement system, including investment of its funds
Historical Commission	Oversees Curwood Castle, Gould House, Comstock Cabin, Paymaster building and

	collection of historical artifacts
Local Development Finance Authority	Fosters industrial development through the use of financing mechanisms necessary to develop supportive public infrastructure
Mid-County Wastewater Treatment Plant Review Board	Makes decisions concerning the Plant governed by the 1977 Agreement between the Cities of Corunna and Owosso and the Townships of Caledonia and Owosso
Owosso Parks and Recreation Commission	Plans for quality park and recreation opportunities based upon cost, efficiency and community need
Planning Commission	Makes recommendations to City Council regarding the zoning ordinance and zoning map
Shiawassee Airport Board	Oversees all areas of operation of the Owosso Community Airport
Shiawassee Area Transportation Agency (SATA)	Owns, operates and finances public transit systems in conjunction with other municipalities
Shiawassee Council on Aging	Provides services to area senior citizens
Shiawassee District Library	Offers a variety of formats, materials, and services to provide for the informational and educational needs of the community members and to encourage the appreciation of reading
Westtown Corridor Improvement Authority	Plans for and promotes the revitalization and redevelopment of commercial properties located in the Westtown Corridor Improvement District
Zoning Board of Appeals	Makes decisions concerning variances from the provisions of the zoning ordinance

These boards and commissions include citizens from the community and offer an opportunity for residents to become involved in city government.

On occasion the City Council will establish ad-hoc committees who, unlike the boards and commissions referenced above are not long standing committees but instead are established to serve and carry out a specific purpose for the council. In May 2008 the City Council established The Blue Ribbon Committee, a group of community residents appointed by the City Council for the purpose of creating a cohesive forward vision for

the City of Owosso. This committee set a vision for Owosso's future and defined a strategic direction for attaining that vision so that each citizen may enjoy a high quality of life and a strong sense of place and pride in our community. The Blue Ribbon Committee successfully completed its work and presented its report to the City Council on January 5, 2009.

Citizen involvement and input is an important component of the democratic system of government. Many of the major decisions that the city council makes follow public hearings in which citizens comment is received. In fact, public hearings are the first item on the city council's agenda for its meetings. After public hearings, citizens are also provided two opportunities to make comments to the council about any issue of interest to them. Further, residents may choose to write to council or staff members, call them with their questions or concerns, or comment through the City website at www.ci.owosso.mi.us.

Once the city council has enacted an ordinance or established a policy, it is the job of the city manager to insure that it is implemented. In many cases, this will involve directing staff employed for that purpose and overseeing their actions. Many of the decisions of the city council involve the basic municipal services which the city is in the business of providing –public safety, streets and roads, parks, utilities and the like. As a result, much of the activity of city staff is for the purpose of insuring that these services are effectively provided.

To pay the bills associated with its operations, the city must generate revenue. While most people think of the property tax as the primary source of money for city operations, in fact this tax only covers the cost of providing police and fire services. Other major sources of funding for the city are water and sewer charges and the local share of state taxes, such as the gas and weight tax and sales tax. These taxes and fees comprise the majority of the dollars necessary to finance city operations.

GENERAL ADMINISTRATION 101-299

MISSION

To contribute to the framework of
community life in Owosso by providing
vital municipal programs, services and infrastructure

STRATEGIES

- 1) Retain a team of public servants focused on the city's mission and committed to dependability, fairness, professionalism and efficiency in the delivery of friendly, personalized service.
- 2) Provide services and infrastructure that are reliable, technologically advanced, support new development and meet the changing needs of individual and corporate citizens.
- 3) Establish policies, undertake programs and engage in relationships that enhance Owosso's image as an attractive, well-maintained, progressive small town.
- 4) Maintain a strong financial system that uses public resources efficiently in accomplishing city goals.

SERVICE DESCRIPTION

* This fund accounts for supplies and activities serving all other city departments.
Includes printing services, property and liability insurance, membership
to Michigan Municipal League and Chamber of Commerce
