PUBLIC HEARINGS

Special Assessment District No. 2018-01 **Oliver Street from Oak to Gould**

City Manager Donald D. Crawford indicated this is the second public hearing for Phase 2 of the Oliver Street reconstruction project the purpose of which is to debate whether the cost for the project has been spread equally among those affected by the project.

A public hearing was conducted to receive citizen comment regarding authorization of Resolution No. 5 for Special Assessment District No. 2018-01 for Oliver Street from Oak Street to Gould Street for reconstruction.

The following person commented regarding the proposed special assessment roll:

Corin Sandlin, 514 E. Oliver Street, via email, objected to the large assessment proposed for her property saying property taxes should pay for the upkeep of roads.

There were no further citizen comments.

Councilmember Fox inquired how the school property had been determined to be commercial. Utilities Director Glenn M. Chinavare that bus traffic and the volume of vehicles qualified the school as a commercial property.

Motion by Councilmember Fox that the following resolution be adopted:

RESOLUTION NO. 19-2018

**DISTRICT NO. 2018-01
OLIVER STREET FROM OAK STREET TO GOULD STREET
SPECIAL ASSESSMENT RESOLUTION NO. 5**

WHEREAS, the City Council has met, after due and legal notice, and reviewed the special assessment roll prepared for the purpose of defraying the special assessment district's share of the following described public improvement:

**Oliver Street from Oak Street to Gould Street
Street Reconstruction**

and

WHEREAS, all interested parties were heard and after carefully reviewing said special assessment roll the Council deems said special assessment roll to be fair, just and equitable and that each of the assessments contained thereon results in the special assessment being in accordance with the benefits to be derived by the parcel of land assessed.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Said special assessment roll as prepared by the City Assessor in the amount of \$111,326.36 is hereby confirmed and shall be known as Special Assessment Roll No. 2018-01.
2. Said special assessment roll shall be divided into ten installments, the first of which shall be due and payable on September 1, 2018, and the subsequent installments shall be due on September 1st of each and every year thereafter. Such interest shall commence on September 1, 2018 and shall be paid annually on each installment due date.
4. Said special assessment roll shall be placed on file in the office of the City Clerk who shall attach her warrant to a certified copy thereof within ten (10) days commanding the Assessor to spread the various sums shown thereon as directed by the City Council.

Special Assessment District No. 2018-05 Olmstead Street from West to Chipman

City Manager Crawford noted that this proposed project involved simply resurfacing and no grant monies were involved.

A public hearing was conducted to receive citizen comment regarding Resolution No. 3 for proposed Special Assessment District No. 2018-05 for Olmstead Street from West Street to Chipman Street for street resurfacing.

The following people commented regarding the proposed project:

Thomas and Gail Schultz, 1440 Olmstead Street, via email, voiced their support for the project.

Ellen Myers, 1311 Olmstead Street, via telephone, expressed her objection to the special assessment procedure and the estimated amount of her assessment. She further indicated she felt the street does not require any improvement.

Kim Ariss, 1427 Olmstead Street, said the street seems to be in good shape and she didn't think it needed to be resurfaced.

Kelly Jackson, 1409 Olmstead Street, also said she felt the street did not need to be resurfaced. She inquired how streets are selected for maintenance, whether residents could stop the project, and if banks pay the assessment for homes that are abandoned.

Mayor Eveleth noted that the assessments for bank-owned properties are paid for by the banks, not other residents.

Jennifer Rodriguez, owner of 1408 Olmstead Street, asked for details on the deferments that are available and the lien that will be placed on her home. She also asked if the street was being resurfaced because new sewer lines were going to be put in.

City Manager Crawford explained that special assessment liens are unique and do not function like mortgage liens. He indicated that residents requesting a deferment must meet income requirements and allow a lien to be placed on the home until it is sold at some point in the future.

He went on to explain that all the streets in the City were analyzed and rated and mid-grade streets were targeted for maintenance. In this case Olmstead Street has a good base but the surface is starting to deteriorate. Resurfacing such streets early in their deterioration prevents the need to reconstruct the entire street a few years down the road.

Mayor Eveleth defended the choice likening resurfacing the street to repairing one's roof, which is much less expensive than completely replacing the roof. He added that the Council was trying to do some of the less expensive projects so the road bond money could be stretched as far as possible.

Motion by Councilmember Teich that the following resolution be adopted:

RESOLUTION NO. 20-2018

**OLMSTEAD STREET
FROM WEST STREET TO CHIPMAN STREET
SPECIAL ASSESSMENT RESOLUTION NO. 3**

WHEREAS, the City Council, after due and legal notice, has met and heard all persons to be affected by the proposed public improvement more particularly hereinafter described; and

4. The City Council hereby designates the following described property as the special assessment district upon which the special assessment shall be levied:

CITIZEN COMMENTS AND QUESTIONS

Tom Manke, Owosso Township resident, wondered why streets in very poor shape on the south side of town were not being maintained but streets on the north side with little visible deterioration were being scheduled for resurfacing. It was explained that projects were chosen based on research data and every effort was made to ensure that all parts of town were treated equally.

Eddie Urban, 601 Glenwood Avenue, commented on the trouble he has with the sidewalk in front of his house.

Kim Ariss, 1427 Olmstead Street, inquired whether any of the work planned for Olmstead Street would help with the drainage issues in the area. Utilities Director Chinavare explained that they were looking into the drainage issues in the area currently.

Jennifer Rodriguez, owner of 1408 Olmstead Street, inquired whether she could get a transcript of the meeting. It was noted that an audio recording and minutes of the meeting will be available on the website.

Mayor Pro-Tem Osika welcomed members of the civics classes at Owosso High School to the meeting.
