Eddie Urban, 601 Glenwood Avenue, commented that he saw a City truck watering plants in the downtown on Sunday.

City Manager Henne thanked Parks & Recreation Chairman Mike Espich and local business owner Tim Law for all of the work they did to clean up and improve the disc golf course last week.
CONSENT AGENDA

Motion by Councilmember Law to approve the Consent Agenda as follows:

Set Public Hearing – OPRA District – 152 E. Howard Street. Set a public hearing for Tuesday, September 3, 2019 to receive citizen comment regarding the application from Howard Street Development, LLC to establish an Obsolete Property Rehabilitation District for the property located at 152 E. Howard Street as follows:

RESOLUTION NO. 110-2019

SETTING A PUBLIC HEARING TO CONSIDER ESTABLISHING AN OBSOLETE PROPERTY REHABILITATION DISTRICT FOR THE PROPERTY LOCATED AT 152 E. HOWARD STREET

WHEREAS, a request was received July 24, 2019 along with an Application for Tax Abatement from Susan Ludington of Howard Street Development, LLC to create an Obsolete Property Rehabilitation District, described as:

COM 90.6’ S OF NE COR BLK 20 AL WILLIAMS ADD TH N 90.6’ TH NW’LY ALG N LN LOT 1 122’ TH S 124.60’ TH E’LY 117’ TO POB; and

WHEREAS, the Obsolete Property Rehabilitation Act, Act 146 of 2000, is available to the city of Owosso; and

WHEREAS, the act permits the city of Owosso to establish an Obsolete Property Rehabilitation District if certain requirements are met; and

WHEREAS, an Obsolete Property Rehabilitation District may consist of one or more parcels of land; and

WHEREAS, it must be determined that the district consists of obsolete commercial property or commercial housing property as defined in 125.2782, Section 2 (h) of Act 146 of 2000; and

WHEREAS, it must be determined that establishing the district would be beneficial to the city of Owosso, as well as local and regional economy.

NOW, THEREFORE, BE IT RESOLVED by the city council of the city of Owosso, Shiawassee County, Michigan that:

FIRST: the Owosso City Council sets public hearing for Tuesday, September 3, 2019 on or about 7:30 p.m. in the council chambers for the purpose of hearing comments from those within the proposed district, and any other resident or taxpayer, of the city of Owosso; and

SECOND: the city clerk gives the notifications as required by law; and

THIRD: the city staff is directed to investigate and determine if the qualifications of the act are satisfied and report findings at the hearing.

**Special Assessment Resolution Amendment.** Authorize amendment of Resolution No. 44-2019 correcting the amount of the special assessment roll to reflect the fact that the City cannot specially assess properties on the north side of North Street because they are outside the jurisdiction as shown below:

**AMENDED RESOLUTION NO. 44.1-2019**

**DISTRICT NO. 2019-08**
**NORTH STREET FROM WEST CITY LIMITS TO CHIPMAN STREET**
**SPECIAL ASSESSMENT RESOLUTION NO. 5**

WHEREAS, the City Council has met, after due and legal notice, and reviewed the special assessment roll prepared for the purpose of defraying the special assessment district’s share of the following described public improvement:

NORTH STREET FROM WEST CITY LIMITS TO CHIPMAN STREET
STREET RESURFACING

and

WHEREAS, all interested parties were heard and after carefully reviewing said special assessment roll the Council deems said special assessment roll to be fair, just and equitable and that each of the assessments contained thereon results in the special assessment being in accordance with the benefits to be derived by the parcel of land assessed.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Said special assessment roll as prepared by the City Assessor in the amount of $62,319.69 is hereby confirmed and shall be known as Special Assessment Roll No. 2019-08.

2. Said special assessment roll shall be divided into ten installments, the first of which shall be due and payable on September 1, 2019, and the subsequent installments shall be due on September 1st of each and every year thereafter. Payment of the amount of the special assessment may be made in full without interest or penalty by November 1, 2019.

3. The installments of the special assessment rolls shall bear interest at the rate of 6% per annum; provided, however, if the bonds are issued in anticipation of said special assessments, then such unpaid special assessment shall bear interest at a rate of interest equal to 1% above the average rate of interest borne by said bonds. Such interest shall commence on September 1, 2019 and shall be paid annually on each installment due date.

4. Said special assessment roll shall be placed on file in the office of the City Clerk who shall attach her warrant to a certified copy thereof within ten (10) days commanding the Assessor to spread the various sums shown thereon as directed by the City Council.

**Contract Addendum – 2017 General Engineering Services Contract-OHM.** Authorize an amendment to the professional service agreement with Orchard, Hiltz, and McClement (OHM) of Livonia, Michigan as Addendum No. 13 to the 2017 General Engineering Services Contract-OHM for the development of bid specifications and construction oversite for sewer structural deficiencies, in an amount not to exceed $132,000.00 as detailed below:
RESOLUTION NO. 111-2019

AUTHORIZING THE EXECUTION OF ADDENDUM NO. 13 TO THE 2017 AGREEMENT FOR GENERAL ENGINEERING SERVICES WITH ORCHARD, HILTZ & MCCLIMENT, INC. D/B/A OHM ADVISORS

WHEREAS, the city of Owosso, Shiawassee County, Michigan, entered into an agreement with Orchard, Hiltz & McClement, Inc. d/b/a OHM Advisors by the adoption of Resolution No. 69-2017 on May 15, 2017; and

WHEREAS, the city and Director of Public Services & Utilities desire to expand the contract to include additional services for sanitary sewer rehabilitation specification development and construction oversite, to make necessary structural repairs identified during the State of Michigan funded SAW Grant and subsequent investigations and evaluations from 2016 through 2019; and

WHEREAS, the Director of Public Services & Utilities has reviewed the proposal as provided from OHM Advisors in the amount of $132,000.00, and has determined that the scope of services as submitted for bid specification development and construction oversite for the construction and rehabilitation of sanitary sewer pipe and manholes is acceptable and recommends approval of the same.

NOW THEREFORE BE IT RESOLVED by the city council of the city of Owosso, Shiawassee County, Michigan that:

FIRST: The city of Owosso has heretofore determined that it is advisable, necessary and in the public interest to expand the contract approved by Resolution No. 69-2017 on May 15, 2017 with Orchard, Hiltz & McClement, Inc. d/b/a OHM Advisors, to include additional services for sanitary sewer and manhole rehabilitation specification development and construction oversite for correcting structural defects in the sewer collection system.

SECOND: The mayor and city clerk are instructed and authorized to sign Addendum No. 13 to the 2017 General Engineering Services Contract between the City of Owosso, Michigan and Orchard, Hiltz & McClement, Inc. d/b/a OHM Advisors in an amount not to exceed $132,000.00, attached as Exhibit A.

THIRD: The accounts payable department is authorized to submit payment to OHM Advisors in an amount not to exceed $132,000.00 for said engineering services.

FOURTH: The above expenses shall be paid for from the wastewater capital fund account 590-901-973.000.

Contract Extension - Façade Grant Construction Contract. Authorize extension of the Construction Contract with First Contracting, Inc. for the 2018-19 Façade Grant Project from August 9, 2019 to September 16, 2019 due to delays in the delivery of construction materials as follows:

RESOLUTION NO. 112-2019

AUTHORIZING EXTENSION OF THE 2018-19 MEDC/CDBG FAÇADE GRANT CONSTRUCTION CONTRACT WITH FIRST CONTRACTING, INC. FOR FAÇADE RENOVATION AT 114 N. WASHINGTON STREET, 115 N. WASHINGTON STREET, AND 114 W. MAIN STREET

WHEREAS, the city awarded a bid for construction services for the implementation of the 2018-2019 MEDC Facade Grant to First Contracting, Inc. of Ovid, Michigan in August 2018; and
WHEREAS, due to circumstances outside the contractor’s control there was a delay in the delivery of certain renovation materials causing a setback in the progress of the project; and

WHEREAS, the completion date of the contract must be adjusted to accommodate the delay.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Owosso, Shiawassee County, Michigan that:

FIRST: The City of Owosso has heretofore determined that it is advisable, necessary and in the public interest to extend the construction contract with First Contracting, Inc. from August 9, 2019 to September 16, 2019.

SECOND: The Mayor and City Clerk are instructed and authorized to sign appropriate documents formalizing the change.

Change Order - Façade Grant Architectural Services Contract. Authorize Change Order No. 2 to the contract for Architectural Services with H2A Architects for the 2018-19 Façade Grant Project increasing the total contract amount $3,790.00 due to delays in the construction portion of the project as detailed:

RESOLUTION NO. 113-2019
TO APPROVE THE INCREASE OF PROFESSIONAL DESIGN SERVICES FOR THE 2018-19 OWOSSO FAÇADE PROJECT

WHEREAS, the city approved a contract with H2A Architects, Inc. for design services for the 2018-19 Façade Project on March 5, 2018; and

WHEREAS, additional professional design services have been required due to delays and changes to the individual facade projects; and

WHEREAS, the additional work and delays have resulted in an increase to the contract of $3,790.00, detailed on the attached as submitted by Jackie Hoist, AIA of H2A Architects, Inc.; and

WHEREAS, the property owners will be responsible for 100% the increased costs associated with their respective façade services.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Owosso, Shiawassee County, Michigan that:

FIRST: The City of Owosso has heretofore determined that it is advisable, necessary and in the public interest to amend the 2018-19 Façade Grant Architectural Services Contract, increasing the amount by $3,790.00 for additional services required.

SECOND: The mayor and city clerk are instructed and authorized to sign the increase of professional services agreement between the city of Owosso, Michigan and H2A Architects, Inc. in the amount of $3,790.00.

Bid Award – Chest Compression System. Authorize bid award to Physio-Control Inc. for the purchase of one Lucas 3, v3.1 Chest Compression System and accessories in the amount of $16,221.77 and further authorize payment to the vendor upon satisfactory receipt of equipment as detailed below:

RESOLUTION NO. 114-2019
RESOLUTION AUTHORIZING THE
PURCHASE OF AN AUTOMATIC CHEST COMPRESSION SYSTEM FROM PHYSIO-CONTROL INC.

WHEREAS, the City of Owosso, Shiawassee County, Michigan, has a fire department that would benefit from the purchase of an automatic chest compression system; and

WHEREAS, bids were received from five (5) vendors with Physio-Control Inc. submitting the only bid that met all bid specifications.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Owosso, Shiawassee County, Michigan that:

FIRST: The City of Owosso has theretofore determined that it is advisable, necessary and in the public interest to purchase one (1) Lucas 3, v 3.1 Chest Compression System at a price of $16,221.77 from Physio-Control Inc.

SECOND: Said equipment will be purchased using a City of Owosso purchase order in the amount of $16,221.77.

THIRD: The above expenses shall be paid from the Fire Division Equipment fund 101-335-978.000.

FOURTH: Payment to Physio-Control Inc. is authorized in the amount of $16,221.77 upon delivery of the Automatic Chest Compression System.

CITIZEN COMMENTS AND QUESTIONS

There were no citizen comments.

Mayor Eveleth invited everyone to attend the dedication of the elementary school additions on Wednesday as well as the fund raiser at the Oakwood Avenue Bridge for Owosso Community Players on Friday.

Councilmember Bailey announced the Shiawassee Humane Society will be holding a garage sale at the Farmers' Market on Saturday. They will have cats available for adoption as well.

Councilmember Fear congratulated Historic Director Doran and the OHC for being named one of the top museums in the state by Detroit Local Channel Four's Vote 4 the Best Contest. She said she was looking forward to the OHC’s upcoming home tour in September. She also took the opportunity to clear the air surrounding City Council compensation saying that the City Charter sets Council pay at $10 per meeting with the Mayor receiving an extra $240 per year for the additional services required to perform his/her job. These terms cannot be changed without a vote of the people. She asked that people try to be understanding that all Councilmembers are serving out of a personal sense of responsibility.

MEMORANDUM

DATE: August 2, 2019

TO: Mayor Chris Eveleth, City Council, and Manager Nathan Henne

FROM: Treena Chick, Assessor

RE: Obsolete Property Rehabilitation District – 152 E Howard St

The city clerk received a request from Susan Ludington of Howard Street Development, owners of 152 E Howard Street, to establish an Obsolete Property Rehabilitation District. An application for tax abatement under the city’s policy was also filed. The project proposes to completely renovate the building to create a two-story multi-use building containing commercial, retail and office space on the first floor and 7 residential apartments on the second floor. The creation of this district would further allow application for an Obsolete Property Rehabilitation Exemption Certificate for improvements and restoration to that property.

The description of the district being requested is:

`COM 90.6' S OF NE COR BLK 20 AL WILLIAMS ADD TH N 90.6' TH NW'LY ALG N LN LOT 1 122' TH S 124.60' TH E'LY 117' TO POB`

Within the Obsolete Property Rehabilitation Act (OPRA) rehabilitation is defined as:

`.........changes to obsolete commercial property as may be required to restore the property to an economically efficient condition. Rehabilitation includes major renovation and modification including but not necessarily limited to, improvement to floors, correction of deficient or excessive height, new or improved building equipment such as heating ventilation and lighting, improved roof structures and cover, improved wall placement, improved exterior and interior appearance of buildings and other physical changes.`
For a rehab facility, the OPRA freezes the taxable value of the building at its value prior to the rehab, and the frozen value and the rehab values are taxed at an adjusted tax rate. Land and personal property cannot be abated under this act and the exemption certificate cannot exceed 12 years. If a certificate is approved by the local unit, the State Tax Commission has 60 days to approve or disapprove the application.

The qualifications for an Obsolete Property Rehabilitation District for this property are found in 125.2783 Section 3, (1), of the Obsolete Property Rehabilitation Act as follows:

(1) A local governmental unit, by resolution of its legislative body, may establish a commercial redevelopment district, which may consist of 1 or more parcels or tracts of land or a portion thereof, if at the time of adoption of the resolution the property within the district is any of the following:

(a) Obsolete property in an area characterized by obsolete commercial property or commercial housing property.
(b) Commercial property that is obsolete property that was owned by a qualified local governmental unit on the effective date of this act, and subsequently conveyed to a private owner.

The following excerpts from STC Bulletin No. 9 of 2000 may help guide and define these requirements.

"Obsolete property" means commercial property or commercial housing property, that is 1 or more of the following:

(i) "Blighted property". Blighted property means property that meets 1 or more of the following criteria:

(i) Has been declared a nuisance in accordance with a local housing, building, plumbing, fire, or other related code or ordinance.
(ii) Is an attractive nuisance to children because of physical condition, use, or occupancy.
(iii) Is a fire hazard or is otherwise dangerous to the safety of persons or property.
(iv) Has had the utilities, plumbing, heating, or sewerage permanently disconnected, destroyed, removed, or rendered ineffective so that the property is unfit for its intended use.
(v) Is tax reverted property owned by a qualified local governmental unit, by a county, or by this state. The sale, lease, or transfer of tax reverted property by a qualified local governmental unit, county, or this state after the property's inclusion in a brownfield plan shall not result in the loss to the property of the status as blighted property for purposes of PA 145 of 2000. (See MCL 125.2652)

(ii) A facility as that term is defined below:

"Facility" as defined in PA 451 of 1994 means any area, place, or property where a hazardous substance in excess of the concentrations which satisfy the requirements of section 20120a(1)(a) or (17) or the cleanup criteria for unrestricted residential use under part 213 has been released, deposited, disposed of, or otherwise comes to be located. Facility does not include any area, place, or property at which response activities have been completed which satisfy the cleanup criteria for the residential category provided for in section 20120a(1)(a) and (17) or at which corrective action has been completed under part 213 which satisfies the cleanup criteria for unrestricted residential use. (See MCL 324.20101)
(iii) Functionally obsolete.
"Functionally obsolete" means that the property is unable to be used to adequately perform the function for which it was intended due to a substantial loss in value resulting from factors such as overcapacity, changes in technology, deficiencies or superadequacies in design, or other similar factors that affect the property itself or the property's relationship with other surrounding property. (See MCL 125.2652)

Note: The STC offers the following as examples of functional obsolescence:
1) A floor plan which is inappropriate for the highest and best use of the property.
2) A heating system which is inadequate for the highest and best use of the property.
3) Excessively high or low ceilings for the highest and best use of the property.
4) Partition walls which restrict the highest and best use of the property.
5) Mechanical systems (e.g. electrical, plumbing, etc) which are inadequate for the highest and best use of the property.

If council determines this district meets the requirements of the act and is found to be beneficial to the city, a public hearing must be set in accordance with laws of the State of Michigan and the open meetings act and notification by certified mail to the owner(s) of property within the proposed district.

Attached is a map of the proposed district along with a copy of the application for the Obsolete Property Rehabilitation Exemption.

Re: Obsolete Property Rehabilitation District-152 E. Howard St.

Mayor Eveleth & City Council:

As requested, I have inspected and reviewed data related to the aforementioned property in an effort to determine the functional obsolescence of the property involved. Functionally obsolete property is property that is “unable to be used to adequately perform the function for which it was intended due to a substantial loss in value resulting from factors such as overcapacity, changes in technology, deficiencies of super inadequacies in design, or other similar factors that affect the property itself or the property’s relationship with other surrounding property.”

This property continues to have functional obsolescence issues and these are those findings.

1. Exterior walls suffer damage and are in need of repair/replacement, structural block failure and cracked mortar;
2. Electrical system and wiring removed in some areas and insufficient for today’s demand requirements. Repair/replacement/upgrade in lighting a must to meet highest and best use of a mixed use facility, Wiring for technology in need of complete replacement. Current system is obsolete and not able to meet today’s requirements;
3. The second floor is completely unusable in its present condition, there is significant structural damage and deteriorated flooring;
4. Interior separation walls damaged in many areas needing removed/replaced;
5. Heating and cooling system needs complete replacement;
6. Dis-repair to most stairs, ramps, landings, decks and doors causing unsafe conditions;
7. Majority of windows are old and some have been boarded up with metal or plywood;

It is my opinion, as a MAAO, Level III Assessor, that the property mentioned above continues to suffer from functional obsolescence, as defined in the State of Michigan Assessor’s Manual and the Brownfield Redevelopment Financing Act.

If you have any further questions, please feel free to contact me at (989) 725-0530.

Respectfully,

Treena Chick

SUBJECT: J&H Oil Project, #20

Brownfield #20 will include an estimated $3.2 million investment into the old Stechschulte’s Gas and Oil Company property at the corner of Gould and M-21 on the eastern border of the City. J&H purchased the property in 2018 and are looking to expand the business to include commercial fuel, retail fuel, and a convenience store.

PM Environmental submitted a Brownfield plan in early June and met with me soon after. At that time they were proposing a 26 year plan. Over the next couple weeks I decided to ask the Shiawassee Economic Development Partnership for assistance in evaluating the plan. A second meeting was held with J&H, PM Environmental, and the SEDP to discuss the proposed 26 year plan as well as the city’s abatement policy and scoring rubric adopted in 2010. When the policy was applied to J&H’s request for a 26 year Brownfield reimbursement schedule, the policy – when applied – only allowed for 12-14 years (depending on the city’s interpretation of a rehabilitation/restoration).

I presented J&H and PM with 2 options at the end of this meeting:

1. Apply with the current 26 year brownfield plan with the knowledge that I will be proposing a much shorter reimbursement period of 12-14 years according to the policy adopted by City Council in 2010. This could lengthen the process if they are asked to amend their 26-year proposal by either the BRA board or City Council.
2. Change their 26-year draft plan to reflect the city’s policy on abatement programs where scoring is used to determine the length of the plan.

The following is how I scored this project based on the city’s 2010 tax abatement policy and further guidance from the Brownfield Authority:

Tax Abatement Policy: Section II Evaluation

Section II of the City’s 2010 abatement policy outlines evaluation criteria based on 2 things: development objectives and additional objectives.

A. PRIVATE DEVELOPMENT OBJECTIVES

1. To retain local jobs and/or increase the number and diversity of high-quality jobs that offer attractive wages and benefits.
   i. This project would create/retain 5 full time jobs paying between $40,000 and $60,000. These wages are considered attractive. The jobs are similar to other positions in the city so would not be considered diverse.
   ii. 15 part time jobs would be created paying $11.00 per hour. These jobs are plentiful in the community and the pay rate is average for a part time position.

2. To encourage additional unsubsidized private development in the City – either directly or indirectly through spin-off development without the use of further tax abatements.
   i. Unlikely to occur with this development considering the amount of gas station/convenience stores there are in the community and region.

3. To facilitate the development process and to achieve development of sites that would not be development without tax abatement assistance.
   i. If this site were to be redeveloped into something other than a gas station (commercial or retail), then tax abatements would be useful and necessary to remove all gas station infrastructure and provide environmental remediation. However, redevelopment to keep the gas station operations and expand to retail convenience store activities may not warrant the use of a Brownfield abatement.

4. To remove blight and/or encourage redevelopment of commercial and industrial areas that result in high quality redevelopment, private investment, and an increase in the city tax base.
   i. Remove Blight? No. This property is not blighted.

   “Blighted” means property that meets any of the following criteria:
   - Has been declared a public nuisance in accordance with a local housing, building, plumbing, fire, or other related code or ordinance.
   - Is an attractive nuisance to children because of physical condition, use, or occupancy.
   - Is a fire hazard or is otherwise dangerous to the safety of persons or property.
   - Has had the utilities, plumbing, heating, or sewerage permanently disconnected, destroyed, removed, or rendered ineffective so that the property is unfit for its intended use.
   - Is tax reverted property owned by a qualified local governmental unit, by a county, or by this state. The sale, lease, or transfer of tax reverted property by a qualified local governmental unit, county, or this state after the property’s inclusion in a brownfield plan shall not result in the loss to the property of the status as blighted property for purpose of this act.
ii. High Quality Redevelopment? Yes this would result in a high-quality gas station and convenience store facility when compared to other facilities in the area.

iii. Private Investment? Yes. The applicants will be contributing a large portion of the project cost from their own sources.

iv. Increase in City Tax Base? Yes. This would increase the City tax base by a taxable value estimated amount of $600,700.

5. To offset increased costs of redevelopment (contaminated site cleanup) beyond the costs normally incurred in development
   i. Yes. There are increased costs because of the site being contaminated. However, I believe that the list of eligible activities includes items that are part of normal non-contaminated redevelopment projects so the eligible activities list needs to be pared down.

6. To provide infrastructure necessary to accommodate economic development
   i. Not Applicable to this project. City utilities are available nearby.

B. ADDITIONAL OBJECTIVES

1. To support local businesses, extra consideration will be given to existing businesses seeking to expand and grow within the city.
   i. J&H is an existing business in the city and this project will result in an expansion within the city as well as an improvement to the facility

2. The extent to which the proposed project creates high-quality jobs in the city, paying wages equal to or greater than the average local wage of the same class
   i. High quality jobs could be considered full-time jobs paying $40,000 or more. This expansion would create/retain 5 such positions. The 15 part time positions pay about the average wage for similar positions in the city.

3. The extent to which the proposed project adds to the net commercial, industrial, or general tax base of the city and optimizes the private development of the proposed site
   i. Yes. The project adds to the net commercial tax base for the city. Estimated increase in taxable value the year after the project is completed: $600,700
   ii. Yes. This project optimizes the development potential of this particular site. Due to its location, it is not conducive to a “downtown” feel that includes walkability. The site is a prime location for a gas station and this project would expand its current commercial-exclusive business model to a retail model open to the general public.

4. Whether or not the proposed project provides services not already provided in the city or services which are needed
   i. No. This project will not provide new services as there are other gas station convenience stores in the city and nearby region.

5. Whether or not the proposed business would be in direct competition with existing businesses in the city. Abatements should not be given to business which would receive a competitive advantage over existing businesses in the city
   i. This business would be in direct competition with other similar businesses in the city but not in its immediate vicinity — meaning there is not a similar facility immediately nearby.
   ii. There is one inactive/completed brownfield abatement for the Shell station at 527 S Washington Street. This project was to demolish two blighted buildings and expand the existing business. The plan was adopted in 2001 and brownfield
reimbursements were completed in 2009. So there is an established history of at least one brownfield program for gas stations.

6. Whether or not the project will significantly impact environmental/natural resources
   i. No.

7. The extent to which other political subdivisions are in support of the project.
   i. As of 8.15.2019, the city has not received any notices of support or opposition to the project or its abatement request.

8. The extent to which the project represents new dollars into the city.
   i. $2.5 million investment
      1. $1.66 million in private investment
      2. $841,000 taxpayer investment

9. The extent to which the project requires improvements in city infrastructure, road construction, or other traffic problems. Also to be considered is the impact of the proposal on other city services such as law enforcement human services, or prosecutions.
   i. Does not require improvements to city infrastructure
   ii. Impact on city services (tax revenue that could be used for service but is instead repaid to developer)
      1. Law enforcement: $2,561/yr $66,588 over 26 yrs
      2. Fire Department: $2,491/yr $64,772 over 26 yrs
      3. General Govt: $2,382/yr $61,933 over 26 yrs
      4. Public Works: $1,102/yr $28,651 over 26 yrs
      5. Community Dev: $370/yr $9,619 over 26 yrs
      6. Parks and Culture: $350/yr $9,100 over 26 yrs
      7. TOTAL $9,256/yr $240,656 over 26 years

10. Consistency of the proposed project with city land use regulations, zoning and planning policies.
    i. This project meets all regulations and policies mentioned

11. How the proposed project furthers the goals and objectives of the city
    i. This project would improve a well-travelled entrance along a state highway into the city from the developed township portion of M-21.

12. The level of private financial investment into the project
    i. There is about $1.6 million in private investment for the project.

Honorable Mayor Chris Eveleth
301 W Main St
Owosso, MI 48867

Mayor Eveleth,

The Owosso Brownfield Redevelopment Authority met on August 20, 2019 to consider a brownfield application for J&H Oil located at 918 E Exchange Street. This project includes a $3.2 million investment on a contaminated site previously known as Stechschulte Gas and Oil. J&H Oil plan to redevelop the commercial fueling station into a retail fueling station and convenience store that would improve a busy entrance into Owosso along M-21.

The BRA Board, after discussion with city staff and J&H Oil, hereby recommend approval of a 13 year brownfield TIF to offset the cost of redeveloping this contaminated site.

Sincerely,

Susan Osika, Chair
Owosso Brownfield Redevelopment Authority

RE: Obsolete Property Rehabilitation Certificate – 152 E Howard

As mentioned in a memo of August 2, 2019, the city clerk received a request from Susan Ludington of Howard Street Development, owners of 152 E. Howard Street, to establish an Obsolete Property Rehabilitation District. The clerk also received an application for Obsolete Property Rehabilitation Exemption. The council approved an Obsolete Property Rehabilitation District at their meeting of September 3, 2019.

The project proposes to completely renovate the building to create a two-story multi-use building containing commercial, retail and office space on the first floor and 7 residential apartments on the second floor.

In calculating abatement years on the abatement schedule, the applicant exceeds the limits for approval of 12 years. The statutory limits under Public Act 146, section 7 (2) is 12 years.

It is recommended by staff that the city council set a public hearing for September 16, 2019, for input from the public both within and out of the district. The city clerk will send notice to all taxing jurisdictions as required by the statute and the city’s tax abatement policy.

If there are any questions, please feel free to contact me at (989) 725-0530.

SUBJECT: Request to set Public Hearing for Alley Closures – Block 31 of George T. Abrey's Woodlawn Park Addition

RECOMMENDATION:
Set a public hearing date for September 16, 2019 at the regular City Council Meeting to hear input from the affected property owners regarding the closure of the east-west alley and the north-south alley in Block 31 of George T. Abrey’s Woodlawn Park Addition.

BACKGROUND:
City staff received a resident request to close the east-west alley and the north-south alley in Block 31 of George T. Abrey’s Woodlawn Park Addition. The alleys are currently grass and maintained by adjoining property owners. Fences have also been erected across portions of the alleys. City staff has reviewed this request and finds no issues with closing the alleys.

If the alleys are closed, each property owner will receive a portion of the alley that is directly contiguous to their property. For the east-west alley, each property owner would receive one half of the alley. For the north-south alley, each property owner would receive the entire alley due to it being located on the east city limit line. This property would be added to their description and they would attain ownership of same. This land will add value to their current property, but the amount is very small.

The alleys to be closed are described as:

EAST-WEST ALLEY IN BLOCK 31, GEORGE T. ABREY’S WOODLAWN PARK ADDITION CONTINGOUS TO LOTS 1-5.

NORTH-SOUTH ALLEY IN BLOCK 31, GEORGE T. ABREY’S WOODLAWN PARK ADDITION CONTINGOUS TO LOTS 5-17.

RESOLUTION NO.

SETTING PUBLIC HEARINGS
TO GATHER CITIZEN COMMENT REGARDING
THE CLOSURE OF TWO ALLEYS IN BLOCK 31 OF
GEORGE T. ABREY’S WOODLAWN PARK ADDITION

Whereas, The Owosso City Council has determined it advisable to consider the necessity of vacating, discontinuing, and abolishing the public alleys described as follows, to wit:

EAST-WEST ALLEY IN BLOCK 31, GEORGE T. ABREY’S WOODLAWN PARK ADDITION CONTIGUOUS TO LOTS 1-5.

NORTH-SOUTH ALLEY IN BLOCK 31, GEORGE T. ABREY’S WOODLAWN PARK ADDITION CONTIGUOUS TO LOTS 5-17.

Pursuant to the provisions of Section 29-154 of the 1988 Owosso City Code and Act 288, Public Acts of 1967, as amended, the Owosso City Council does hereby establish 7:30 p.m., Monday, September 16, 2019 in the Owosso City Hall Council Chambers as the time and place to hold two Public Hearings to hear all objections to said proposed alley closures and hereby directs the City Clerk to cause a notice of said Public Hearings to be published in the Owosso Argus Press at least seven days prior to the date of said hearings.

WHEREAS, the City of Owosso, Shiawassee County, Michigan, has purchased a new police vehicle that need to have equipment and DVR cameras installed in them; and

WHEREAS, the new vehicles will require additional new public safety equipment to be properly outfitted for service; and

WHEREAS, the City of Owosso received a quote from Mid Michigan Emergency Equipment Sales and Service L.L.C. for the removal of the old equipment, supply of select pieces of new equipment, and the installation of all said equipment; and it is hereby determined that this company is qualified to perform the work requested; and

WHEREAS, a waiver of the bidding requirements is requested as professional services are exempt from competitive bidding and the estimated cost for the products to be purchased falls under the $10,000 Council threshold.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Owosso, Shiawassee County, Michigan that:

FIRST: The City of Owosso has theretofore determined that it is advisable, necessary and in the public interest to contract with Mid Michigan Emergency Equipment Sales and Service L.L.C. for the removal, purchase, and installation of public safety equipment in City Police vehicles in the amount of $9,134.00.

SECOND: The mayor and city clerk are instructed and authorized to sign the document substantially in the form attached, Contract for Services between the City of Owosso, Michigan and Mid Michigan Emergency Equipment Sales and Service L.L.C.

THIRD: The Accounts Payable Department is hereby authorized to issue payment to Mid Michigan Emergency Equipment Sales and Service L.L.C. in the amount of $9,134.00 upon delivery of the equipment and satisfactory completion of the work.

FOURTH: The above expenses shall be paid from the Police equipment fund 101-300-978.000.
EXHIBIT A

Contract for Services Between
The City of Owosso

and

Mid Michigan Emergency Equipment Sales And Service L.L.C.

Public Safety Vehicle Equipment Changeover

September 2019
CONTRACT

THIS AGREEMENT is made on September ____, 2019 between the CITY OF OWOSSO, a Michigan municipal corporation, 301 W. Main Street, Owosso, Michigan 48867 (“city”) and MID MICHIGAN EMERGENCY EQUIPMENT SALES AND SERVICE L.L.C. (“contractor”), a Michigan company, whose address is 5860 Horstmeyer Rd, Lansing, Michigan 48911.

Based upon the mutual promises below, the contractor and the city agree as follows:

ARTICLE I - Scope of work
The contractor agrees to provide the services and equipment listed in the proposal entitled “Quotation for 2020 Ford Slick Top Utility Equipment and Up fitting”, as attached, including all written modifications.

ARTICLE II - The Contract Sum
(A) The city shall pay to the contractor for the performance of the contract, the unit prices as given in the bid forms not to exceed seven thousand one hundred seventy-three dollars ($9,134.00). No additional work shall be performed unless a change order is issued by the city.

(B) The amount paid shall be equitably adjusted to cover changes in the work ordered by the city but not required by the contract documents where there is a written change order.

ARTICLE III – Assignment
This contract may not be assigned or subcontracted without the written consent of the city.

ARTICLE IV - Choice of law
This contract shall be construed, governed, and enforced in accordance with the laws of the state of Michigan. By executing this agreement, the contractor and the city agree to a venue in a court of appropriate jurisdiction sitting within Shiawassee County for purposes of any action arising under this contract.

Whenever possible, each provision of the contract will be interpreted in a manner as to be effective and valid under applicable law. The prohibition or invalidity, under applicable law, of any provision will not invalidate the remainder of the contract.

ARTICLE V - Relationship of the parties
The parties of the contract agree that it is not a contract of employment but is a contract to accomplish a specific result. Contractor is an independent contractor performing services for the city. Nothing contained in this contract shall be deemed to constitute any other relationship between the city and the contractor.

Contractor certifies that it has no personal or financial interest in the project other than the compensation it is to receive under the contract. Contractor certifies that it is not, and shall not become, overdue or in default to the city for any contract, debt, or any other obligation to the city including real or personal property taxes. City shall have the right to set off any such debt against compensation awarded for services under this agreement.

ARTICLE VI – Notice
All notices given under this contract shall be in writing, and shall be by personal delivery or by certified mail with return receipt requested to the parties at their respective addresses as specified in the contract documents or other address the contractor may specify in writing.

ARTICLE VII - Indemnification
To the fullest extent permitted by law, for any loss not covered by insurance under this contract; contractor shall indemnify, defend and hold harmless the city, its officers, employees and agents harmless from all suits, claims, judgments and expenses including attorney’s fees resulting or
alleged to result, in whole or in part, from any act or omission, which is in any way connected or associated with this contract, by the contractor or anyone acting on the contractor’s behalf under this contract. Contractor shall not be responsible to indemnify the city for losses or damages caused by or resulting from the city’s sole negligence.

ARTICLE VIII - Entire agreement
This contract represents the entire understanding between the city and the contractor and supersedes all prior representations or agreements whether written or oral. Neither party has relied on any prior representations in entering into this contract. This contract may be altered, amended or modified only by written amendment signed by the city and the contractor.

FROM: Glenn M. Chinavare, Director of Public Services & Utilities

SUBJECT: Osburn Well Rehabilitation

RECOMMENDATION:

Authorization to enter into a Professional Services Agreement with Northern Pump & Well of Lansing, Michigan, to perform rehabilitation services on the Osburn water supply production well.

BACKGROUND:

The Osburn wellfield, which is in close proximity to the Osburn Lakes Development, is one of five production wells in operation. Records indicate the Osburn production well was developed in 1969, and last rehabilitated in 1996. Osburn is a backup well and not a primary, and has performed very reliably over the years.

Recent inspection by Northern Pump & Well, revealed that the well screen is in need of cleaning. In addition, the well shaft, shaft housing, shaft couplings, and submersible pump are corroded and pitted. These items will need to be replaced.

Ground production well pumps and attaching hardware are normally pulled for maintenance at 5 to 6 year intervals, with test and inspection recommended annually.

Northern Pump & Well, Layne Christian, and Peerless Midwest have been the area companies most experienced in providing well inspection and rehabilitation services. Layne Christian left the state of Michigan nearly five years ago, leaving Northern Pump & Well and Peerless Midwest to compete for these services. Northern Pump & Well currently provides annual maintenance services for Owosso’s well fields as the low cost and responsible provider.

FISCAL IMPACTS:

Cost of rehabilitation is a not to exceed amount of $30,365.00. Additional funds in the amount of $3,000.00 are also requested as contingency for staff field changes, for a total amount of $33,365.00. Funding is available from the FY2019-2020 Capital Budget replacement fund 591-901-972.000.

RESOLUTION NO.

AUTHORIZING SERVICE AGREEMENT AND PAYMENT TO
NORTHERN PUMP & WELL, INC. OF LANSING, MICHIGAN FOR REHABILITATION OF THE
OSBURN WATER SUPPLY PRODUCTION WELL

WHEREAS, the City of Owosso, Shiawassee County, Michigan, Water Filtration Plant is in need of
rehabilitation services for the Osburn water supply production well, and

WHEREAS, the well was inspected and tested by Northern Pump & Well, Inc. and the inspection process
determined the need for cleaning of well screens, and the replacement of well shaft components and
submersible well as detailed in the proposal provided by Northern Pump & Well, Inc.; and

WHEREAS, the City Director of Public Services & Utilities has reviewed the proposal and verified the
parts and labor needed to restore the well to full capacity, and recommends authorizing Northern Pump &
Well, Inc. to perform the work in the amount of $30,365.00 plus contingency funds in the amount of
$3,000.00, with payment in an amount not to exceed $33,365.00 upon satisfactory completion and re-
installation.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Owosso, Shiawassee County,
Michigan that:

FIRST: The city of Owosso has heretofore determined that it is advisable, necessary and in the
public interest to contract with Northern Pump & Well, Inc. for the rehabilitation of the
Osburn water supply well, and to waive the competitive bidding requirement for said
services.

SECOND: The mayor and city clerk are hereby authorized and instructed to sign the professional
services agreement, substantially in the form attached.

THIRD: The accounts payable department is authorized to submit payment to Northern Pump &
Well, Inc. in an amount not to exceed $30,365.00, plus contingency at discretion of city
staff in the amount of $3,000.00, for a total of $33,365.00 upon satisfactory completion of
the work.

FOURTH: The above expenses shall be paid from account no. 591-901-972.000.
Thank you for the opportunity to present you with this quote for the repair of your pump and cleaning of Well #5.

Quote #19-Q1845 covers the price for pulling of pump, inspection of pump, and videolog, in the amount of $4,500.

TO: Owosso City Council

FROM: Nathan R. Henne, City Manager

SUBJECT: Maple Avenue: Petition for Street Improvements

The City is in receipt of a petition signed by a number of property owners in the 400 block of Maple Avenue requesting resurfacing of the street. According to Section 28-3 of the City Code, public improvements like street resurfacing can be initiated by City Council or by a petition signed by affected property owners. If such a petition is received the Code lays out a procedure for vetting it and further sets out City Council’s options in accepting or rejecting it, as detailed below:

Sec. 28-3. - To initiate special assessment projects.

(a) Proceedings for the making of public improvements within the city may be commenced by resolution of the council, on its own initiative or by an initiatory petition signed by property owners whose aggregate property in the special assessment district was assessed for more than fifty (50) percent of the total assessed value of the privately owned real property located therein, in accordance with the last preceding general assessment roll; provided, however, that in the case of special assessments for paving or similar improvements which are normally assessed on a frontage basis against abutting property, such petitions shall be signed by the owners of more than fifty (50) percent of the frontage of property to be assessed.

(b) Such petitions shall contain in addition to the signatures of the owners, a brief description of the property owned by the respective signers thereof.

(c) Such petitions shall be verified by the affidavit of one (1) or more of the owners or by some person or persons with knowledge that the signers are such owners and that such signatures are genuine.

(d) Petitions shall be addressed to the council and filed with the city clerk. Petitions shall in no event be mandatory upon the council.

(e) All petitions shall be circulated and signed on blank forms furnished by the city.

(f) All petitions shall be referred by the city clerk to the city manager. The city manager shall check the petitions to determine whether they conform to the foregoing requirements and shall report his or her findings to the council.

Attached you will find a copy of the petition, a map showing the properties that are making the request in the area that would be affected by the project, and the analysis for determining whether the petition meets the standards of the ordinance. I have determined the petition meets the requirements of the ordinance and it is appropriate for City Council to consider whether or not this street should be included in next year’s street program. (Approval does not mean the requested project is slated for construction, but simply that the street will be included in the list of streets proposed for next year’s street program.)
Petition No.: 2019-06

TO THE COUNCIL OF THE CITY OF OWOSSO:

We, the undersigned property owners, hereby petition your Honorable Body to Resurface 400 Block Maple Street from Corunna Ave. to north end of street.

Mr. Bruff brought this up as to assure there was not a conflict of interest in regards to him voting on the variances. He is not in conflict as there is neither a financial conflict nor a personal benefit the Mr. Bruff would receive. Chairman Horton, Board Members Taylor and Telesz have agreed there is not a conflict of interest.

OLD BUSINESS: - None

NEW BUSINESS/PUBLIC HEARINGS:

APPLICANT: MEMORIAL HEALTH CARE
LOCATION OF APPEAL: 826 W KING STREET, Owosso, MI 48867
PARCEL NUMBERS: 050-310-000-006-00, 050-310-000-007-00, 050-310-000-008-00, 050-310-000-009-00, 050-310-003-001-00, 050-310-003-002-00, 050-310-003-003-00, 050-310-001-015-00, 050-310-001-016-00, 050-310-001-017-00, 050-310-001-001-00, 050-310-001-002-00, 050-310-001-003-00, 050-310-001-004-00
PROPERTY ZONING: R-1, ONE-FAMILY RESIDENTIAL and OS-1, OFFICE SERVICE

THE APPLICANT IS SEEKING VARIANCES TO ALLOW THE ADDITION OF A NEURO/ORTHO/WELLNESS CENTER:

VARIANCE REQUEST #1:
The building height of 43’4” exceeds the maximum height of 35 feet, permitted by SECTION 38-351, SCHEDULE LIMITING HEIGHT, BULK, DENSITY, AND AREA BY ZONING DISTRICT.
VARIANCE REQUEST #2:
A VARIANCE TO PERMIT A PARKING LOT SETBACK OF 25 FEET WHERE SECTION 38(43)(9)(D) OFF-STREET PARKING REQUIRES OFF-STREET PARKING LOTS TO BE SET BACK 50 FEET FROM LOCAL STREETS.

THE CITY OF OWOSSO MUNICIPAL CODE REQUIRES APPROVAL OF DIMENSIONAL VARIANCES FROM THE ZONING BOARD OF APPEALS.

Jordan London presented the plans for the proposed building. He presented each of the 3 floors, noting the 3rd floor use on the south side of the building would be a running track and the 3rd floor to the north would be for future medical offices.

Justin Sprague explained why the variances would be needed. Originally, the proposal was going to proceed with a Planned Unit Development (PUD), but with the PUD being a long process, it was decided to go for the 2 variances as the process would move along at a faster pace. The Planning Commission made the decision to add landscaping as opposed to a mason wall.

Chairman Horton opened the Public Hearing and the following spoke:

1. **Marv Sanders, 916 Ada Street**, asked about the parking and the survey stakes that are currently present.
   
   *Response:* The property was recently surveyed and the parking lot (if variance is approved) would not begin until 25’ setback from the property stakes/property line. The landscape buffer would encompass the area between the parking lot and the property line.

2. **Tom Koenig, 1000 Ada Street**, asked about the landscaping.
   
   *Response:* Additional discussion regarding the landscape buffer continued. The buffer is meant for the new parking lot as there are already trees planted along the existing parking area.

3. **Karen Harris, 900 Campbell Drive**, asked about adding landscaping to the river and the possibility of the light pollution increasing on the neighboring homes. Also asked if there would be any vehicle entry off of Jennett Street and Ada Street.
   
   *Response:* There is not an intention to add in additional landscaping to the river. The light pollution would increase and the hospital will make every effort for it to be a minimal impact on the neighbors. There will not be entry to the hospital from Jennett nor Ada Street.

4. **Sherry Elwell, 1018 Ada Street**, asked why the 25’ variance is needed for parking.
   
   *Response:* The variance for parking is part of the Mater Plan and future development for the hospital. In addition, this is part of the reconfiguration of the parking lot to allow for more spaces.

5. **John Smith, 910 Ada Street**, asked the parking lot and hill area across the street from his house and if the Consumers Energy gas lines would be affected again and disrupt his front yard area.
   
   *Response:* The hill area would not be affected by the new parking lot. The hospital has a direct contact with Consumers Energy and any concerns regarding the gas lines will be addressed accordingly.
6. **Barbara Perkovic**, 713 Pine Street, lives behind the old Sunoco station that is now demolished and asked about what additional homes were going to be demolished on her block.

   **Response:** The 2 homes adjacent to the former Sunoco building are being demolished – 1 faces King Street and the other faces 52. At this time, nothing is planned for this area. Future development could possibly include parking.

**FINDINGS OF FACT AND CONCLUSIONS**

**UPON MOTION OF BOARD MEMBER TELESZ, SECONDED BY BOARD MEMBER TAYLOR,** the following findings, conclusions, decisions, and conditions were adopted by the Board as its decision on Variance Request #1. The applicant does meet the applicable nine (9) facts of findings:

1. **Basic Conditions.** In order to qualify for a variance, the applicant must show that a variance:

   a. **Will not be contrary to the public interest or to the intent and purpose of this chapter;**

   **Review Comment.** The variance will not be contrary to the public interest or to the intent of the ordinance. The request for additional height to allow a third story is consistent with existing buildings on the campus as the hospital itself has a building five (5) stories in height. The reduced parking lot setback still provides ample room for a landscape buffer to shield the parked cars, meeting the intent of the requirement. **Standard met.**

   b. **Shall not permit the establishment within a district of any use which is not permitted by right within that zone district, or any use or dimensional variance for which a conditional use permit or a temporary use permit is required;**

   **Review Comment.** The use is permitted by right. **Standard met.**

   c. **Is one that is unique and not shared with other property owners;**

   **Review Comment.** The Memorial Heath Care campus is an established facility with limited expansion opportunities. Surrounding properties are residential and professional offices, many of which are medical-related. The situation is unique to the healthcare campus. **Standard met.**

   d. **Will relate only to property that is under control of the applicant;**

   **Review Comment.** This request relates only to the property under the control of the applicant. **Standard met.**

   e. **Is applicable whether compliance with the strict letter of the restrictions governing area, setbacks, frontage, height, bulk or density would unreasonably prevent the owner from using the property for a permitted purpose or would render conformity with such restrictions unnecessarily burdensome;**

   **Review Comment.** Compliance with the strict letter of the regulations would prevent the applicant from providing the required number of parking spaces to support the facility. Compliance with the strict letter of the height regulations would prevent the applicant from constructing a three story building and therefore reducing the needed square footage needed to provide the new centers. **Standard met.**

   f. **Was not created by action of the applicant (i.e. that it was not self-created);**
Review Comment. The need for the variance was not created by the applicant but rather it is due to its established location. Standard met.

g. Will not impair an adequate supply of light and air to adjacent property or unreasonably increase the congestion of public streets or increase the danger of fire or endanger the public safety;

Review Comment. The height increase and reduced parking lot setback will not be impair the adequate supply of light and air to adjacent properties or increase the congestion of public streets or increase the danger of fire or endanger the public safety. Standard met.

h. Will not cause a substantial adverse effect upon property values in the immediate vicinity or in the district in which the property of the applicant is located;

Review Comment. The proposed height and parking lot setback reduction will not be detrimental to the adjacent property or the surrounding area. Standard met.

i. Is applicable whether a grant of the variance applied for would do substantial justice to the applicant as well as to other property owners in the area, or whether a lesser relaxation than that applied for would give substantial relief to the owner of the property involved and be more consistent with justice to other property owners.

Review Comment. An increase in height and encroachment into the front yard setback will not be detrimental to the adjacent property or the surrounding area. Without the requested variances, the applicant is not able to construct the building will all its proposed centers.

2. Special conditions. When all of the foregoing basic conditions can be satisfied, a variance may be granted when any one (1) of the following special conditions can be clearly demonstrated:

a. Where there are practical difficulties or unnecessary hardships which prevent carrying out the strict letter of this chapter. These hardships or difficulties shall not be deemed economic, but shall be evaluated in terms of the use of a particular parcel of land; OR

b. Where there are exceptional or extraordinary circumstances or physical conditions such as narrowness, shallowness, shape, or topography of the property involved, or to the intended use of the property, that do not generally apply to other property or uses in the same zoning district; OR

c. Where such variation is necessary for the preservation of a substantial property right possessed by other properties in the same zoning district.

Review Comment.

(b) In order for Memorial Health Care to provide additional care in Neuro, Orthopedic, and Wellness areas, the requested variances are necessary to construct the building. The campus has a limited amount of property to expand their facilities. Acquiring additional land for parking expansion and future construction is not feasible. Memorial Health Care is an established facility and at one point was permitted to construct a 5-story building. Should the height variance not be approved, the applicant may be forced to use more ground floor area to expand the footprint of the facility, thereby increasing the lot coverage on the lot and limiting future expansion and growth (new buildings providing additional services). The intended use of the property as a health care campus does not apply to other properties in the same zoning district—the campus-style development is unique to the City.
The Variance Request #1 for an 8’ 4” high dimensional variance is approved to allow the height of the building to be constructed at 43’4” instead of the maximum height of 35’.

The variance was approved based on all aspects of the plans and descriptions submitted. The structure, use or activity shall be constructed or carried on in accordance with the plans and/or description provided by the Applicant. All aspects of construction shall be in compliance with the plan submitted, regardless of whether a variance was sought or necessary for certain dimensional or other aspects of the plan.

Any variance granted by the Zoning Board of Appeals shall not be valid after a period of six (6) months from the date granted unless the owner shall have taken substantial steps, as determined by the Board, in implementing the variance granted by the Board.” Sec. 38 504(c) 2. i. ii., Chapter 38, of the City of Owosso Zoning Ordinance.

The above findings, conclusions and decision were adopted by a roll call vote as follows:

NEW BUSINESS:

1. Administrative Site Plan Ordinance Review

The City does not have any means to approve minor site plans at the staff level like other communities. Having this ability would streamline the process for small projects by precluding the need to have a full Planning Commission site plan review. This ordinance amendment to Sec. 38-390 – Site Plan Review would streamline the process and satisfy a small portion of our Redevelopment Ready Community certification efforts.

Summary of the changes:

1. New construction of any permitted non-residential or multi-family development that is less than 2000 sq. ft.
2. Construction of an addition less than 2000 sq. ft. in a non-residential district
3. Construction of expansion of an impervious surface less than 5000 sq. ft.
4. Changes in use from a non-conforming use to a more conforming use
5. A vacant existing building or site to be re-occupied by a use permitted and will not require any significant changes in existing site facilities such as parking, landscaping, lighting, or sidewalks
6. Installation of pavement or curbing improvements provided the number of spaces remain constant and the plans and construction are approved by the City Engineer
7. Relocation of a waste receptacle or screening around the waste receptacle
8. Accessory structures in non-residential districts
9. Temporary uses, sales, and seasonal events
10. Erection of a tower, antenna, or other community facility, essential public service building.
11. Minor revisions to an approved site plan limited to:
   a. Changes to façade or architectural features
   b. Alterations/substitutions/expansions of approved landscaping areas consistent with the other requirements of the Ordinance

Site plan application and submittal requirements are required for administrative site plan approval.

MOTION BY VICE-CHAIR LIVINGSTON, SUPPORTED BY COMMISSIONER LAW TO FORWARD SEC. 38-390 – SITE PLAN REVIEW ORDINANCE AMENDMENTS TO THE CITY COUNCIL WITH THE RECOMMENDATION TO REVIEW AND ADOPT AMENDMENTS.

RCV YEAS ALL. MOTION CARRIED.

2. Sign Ordinance Review

CIB Planning presented proposed amendments to Chapter 26 – Signs. The proposed sign ordinance edits: re-organize the existing ordinance content; propose and expand ordinance definitions; revise the sign application and review process; expand prohibited signs; add provisions for temporary signs, nonconforming signs, and authority for a Sign Zoning Board of Appeals; clearly illustrate how to measure sign; and expand each district section.

Further discussion and direction from the Planning Commission as follows:

1. Razor flags/pennant signs and streamers/festoons:
   • Allow these types of signs on a temporary basis up to 30 days
   • Use feather flag instead of razor flag to be consistent
   • Add pictures of these types of signs to the ordinance for a visual clarification

2. Pole signs:
   • Pole signs were inadvertently removed from the current ordinance
   • Planning Commission would like to add them back in to be an allowable type of sign

3. Electronic messaging signs:
   • Allow for electronic messaging signs
   • Allowed up to 50% of the entire sign

4. Murals:
   • Allow murals for art not advertising
   • Can't contain letters or numbers

5. CIB Planning will return to the August meeting with a revised draft based on the Planning Commission recommendations

3. Recreational Marijuana Emergency Rules Discussion

City Council passed a moratorium resolution regarding recreational marijuana facilities in order to give LARA time to release the state’s rules regarding facility regulation. On July 3, 2019, the state released the emergency rules for recreational facilities. Final rules are expected to be released before the December 6, 2019 deadline.

A summary of the emergency rules was presented to the board and discussion followed. The general consensus was to go forward with a recreational marijuana ordinance and have it be a
mirror of the current medical marihuana ordinance. Questions were posed to the City Manager who will obtain the answers and return to the next meeting with additional information.

BUSINESS:

Skate Park

Chairman Espich explained that the Grand Opening will be Saturday, August 3rd at 2:00pm and that the Masons will be there and will be giving the building a fresh coat of paint prior.

Mr. Adams and commissioners discussed details for the grand opening.
**New Commission Members Joining in August**

Chairman Espich explained that there will be 2 new members at the August meeting after approval by the city council on August 5, 2019.

**Future Check Register Review**

Chairman Espich explained that Mr. Adams, Commissioner Woodworth set in for Vice-Chair Selbig and himself had a meeting with City Manager Henne He also reported that in the future Mr. Adams will be supplying the commissioners with a check register to review. This will give the commissioners the opportunity to see how the Parks and Recreation budget is spent. He further went on to explain that City Manager said the total budget is $230, 000.00; $107, 000.00 is salary and benefits; $62,000.00 is in equipment rental.

**Baseball Field Lights**

Mr. Adams reported that the DPW will be looking at the lights at the Kiwanis Fields and the Bennett Field. There are significant issues, some poles are rotted, and lights are old. Glenn Chinavare is going to be looking at the cost estimates. Mr. Adams asked the commission if they felt that should be there first capital improvement. Mr. Adams suggested checking with Consumers Energy to see what grants are available. Mr. Adams also shared that the City Manager and DPW agree that is probably the most outstanding issue that the parks have at this time.

Mr. Adams and Commissioners discussed the process of spending the millage money and also how the parks and recreation budget is spent.

**National Fitness Campaign Grant**

Mr. Adams reported to the commission that he did apply for the grant per the commissioner’s instruction and they did receive it. It is a $120,000.00 project they have given a $30,000.00 grant. It would be up to the commission to raise the $90,000.00 to complete it. Mr. Adams also reported that they have used it other parts of the state and used a patronicity grant.

Mr. Adams also reported that Commissioner Woodworth suggested contacting the hospital and they may be interested in being involved. Also the 3 or 4 cross fit gyms in the area would be great support for this project.

Chairman Espich stated the project is $125,000.00 and would be $95,000.00 that would have to be raised.

Mr. Adams reported that he has to respond to by July 29, 2019. He also reported it would have to be done by the end of the fiscal year of 2020. Mr. Adams reported he would let them know it is tentative upon council approval. Mr. Adams told the commissioners if they didn’t want to pursue it he would deny it.

Mr. Adams told commissioners he would let the company know there are a lot of connections to be made until they can commit to the grant.

**Lend-a-Pole at Hopkins Lake**

Chairman Espich stated the Ryan Lamerouex dropped off the box to the DPW and they are just waiting for the sign that had been ordered by Mark Mitchell. Once the sign is received Chairman Espich asked Mr. Adams let him know so at that Mr. Lamerouex will deliver the poles and tackle to the box. Chairman Espich reported that per Mr. Lamerouex he is going to maintain the box and poles.

**QR Codes for Parks and Equipment**

Mr. Adams reported per the Cheryl Grice, Finance Director, that QR Codes would be appropriate; however, Ms. Grice nor himself are not certain the technology. Ms. Grice suggested using the URL from the City website where the Polar Plunge is and change it to a Parks donation button. The commissioners discussed using both the PayPal and the QR Codes. Mr. Adams said he will pursue it with the finance department.
Park Maintenance Sponsors – Make a List

Mr. Adams reported DPW was okay with private sponsors to maintain the parks. He suggested commissioners think of a list. Mr. Adams wants to see if there are interested parties and once there is a list would write a 3 year contract.

Chairman Espich asked for clarification for the record. This would be similar to adopt a highway. This wouldn’t mean the park would have a name change.

Mr. Adams responded to Chairman Espich and explained that the private entity would agree to maintain and they would contract for mowing services. There would be a sign posted stating a certain private entity is maintaining the park and the contract would spell out their responsibilities for adopting the park.

Disc Golf – Maintenance an Pad Install

Mr. Adams stated that the DPW will weed whack around the baskets in their routine but they can’t install the pads this year. Putting the pads in would be a capital improvement but does the commission want to use the dollars for that?

Chairman Espich stated weed whacking around the baskets is great but the problem is that the weeds from the Tee pad to the baskets are overgrown.

Mr. Adams stated he would ask Glenn Chinavare for clarification on where they will do the weed whacking.

Master Plan Priority Setting – Next Month

Mr. Adams suggested waiting until September so the new commissioners will be on board. Mr. Adams stated he didn’t think it would take that long to update it.

Nex Meeting August 28th @ 7 p.m.

All commissioners present agreed to meet August 28th at 7 p.m.

PUBLIC COMMENTS/COMMISSIONER COMMENT:

Mr. Owens asked about the cost of maintaining a park.

Mr. Adams stated that it would depend on the size of the park and then discussed the layers of liability.

Mr. Owens asked if the schools used the baseball fields. Mr. Adams responded the Owosso organizations.

Chairman Espich reminded everyone Saturday Is the River Cleanup at various locations starting at 9 a.m. He also reported that the Masons will be painting the Holman Pool Building on Saturday.

PUBLIC COMMENTS: None

BOARD COMMENTS:

Chairman Acton established goal to:

1) Meet with City to determine Downtown maintenance financial responsibilities:
   a. Repair Curbs
   b. Paint Curbs
   c. Remove Grass between cracks
   d. Sidewalks power washed: remove mold, gum, debris
   e. Dirt/Debris gone along curbs
   f. Flower Beds maintained, weed-free
   g. Trees trimmed – Replaced tress when appropriate
   h. Pavers repaired
   i. Grass cut, weeded and sidewalks edged.
   j. Light poles – No rust
   k. Clean Inside chairman lights
2) Board’s involvement in the housing shortage: What are the next steps for active involvement to solve problem?

DDA will focus on downtown to make it somewhere people enjoy living and continued development of downtown upper floor living. DDA will not lead the next steps. Community Development should be led by the City. DDA can assist with promotional tools and assisting entrepreneurs with development. Suggestion will be made to City Manager to establish an Ad Hoc committee to assist in building housing capacity.
