PUBLIC HEARINGS

Obsolete Property Rehabilitation Exemption Certificate – 152 E. Howard Street

City Manager Nathan R. Henne introduced the item saying it was a pretty straight-forward
request, though he expressed some concern with the scoring as it relates to job creation. He
asked Council for clarification as to how it would like to see items scored.

A public hearing was conducted to receive citizen comment regarding the application from
Howard Street Development, LLC for an Obsolete Property Rehabilitation Exemption Certificate
for their property at 152 E. Howard Street.

There were no citizen comments made prior to, or during the meeting.

Applicant Sue Ludington briefly detailed the project and clarified the number of new job
opportunities that are expected as a result of the project.

Mayor Eveleth said he appreciates the investment the Ludington’s are making in the
neighborhood.

Councilmember Fear inquired how long the Ludington’s had owned the building and if they had
done any work on the building up until now. Ms. Ludington indicated that they have owned it
since 2003, with Ludington Electric moving into the building in 2005. They have fixed existing
issues, but their plans for improvements were put on hold by the Great Recession.
Councilmember Pidek asked what the total taxable freeze amount would be for the property after the project is completed. He said he wanted to see that number as well as the total of all other tax abatements in the City when considering future abatements. He was particularly concerned about being mindful of the City-wide 5% cap and the fact that taxes allow the City to do the work that needs to be done. He said he would like to have a discussion regarding all abatements at some point in the near future.

Mayor Eveleth said that the City’s abatement schedule was developed at a different time when job creation was extremely important. Things have changed since then and he agreed that having a discussion regarding all tax abatements would be a good idea.

Councilmember Fear noted that the Ludington’s will be applying for a brownfield for this property as well as the OPRA before them this evening. She asked how the OPRA and the brownfield would work together if they are both granted. City Manager Henne explained that the OPRA would be in effect first and upon its expiration the brownfield would kick in.

Councilmember Pidek indicated he would like more information before making a decision. Specifically he would like to see changes to the abatement schedule before making any decisions on future abatements.

There was debate as to when the discussion on the abatement schedule would take place.

Motion by Councilmember Pidek to authorize the following resolution approving the Obsolete Property Rehabilitation Exemption Certificate for Howard Street Development, LLC at 152 E. Howard Street for a period of twelve years, and place a moratorium on the consideration of tax abatements on other projects until the City’s abatement policy is re-examined:

Alley Closure Resolution– North-South Alley in Woodlawn Park

City Manager Henne indicated that this alley closure is tied to the next item on the agenda. Both alleys have been platted but neither has been developed as an alley. The City recommends vacation of both alleys.

A public hearing was conducted to receive citizen comment regarding the request to close the north-south public alley east of Lots 5-17 of Block 31, George T. Abrey's Woodlawn Park Addition, City of Owosso, Shiawassee County, Michigan (alley south of Melinda Avenue between Abrey Avenue and the east City boundary).

Aaron Klawuhn, 715 Abrey Avenue, said he was here with two of his neighbors, he wanted to know if the adjoining Caledonia Charter Township property owners had been informed of the proposal to close the alley and if the City will pay to have the properties surveyed.

Tom Manke, 2910 W. M-21, inquired why the alleys are being proposed for closure.

Jane Merkel, owner of five parcels abutting the affected alleys, said she had requested the closure after discovering the east-west alley was still open. She said there’s no way for anyone to use the alley as it exists today and she would like to be able to do something with her property.

City Manager Henne again noted the property was platted as alleyway but was never constructed as an alley. There will be no access issues created by the closures as it is full of trees and fences. He further indicated that the adjoining Caledonia Charter Township residents were not notified of the proposed closure as it will have no effect on their properties.

Motion by Mayor Pro-Tem Osika to approve the following resolution authorizing the closing of the north-south alley bounded by Melinda Avenue, Corunna Avenue, Abrey Avenue, and the east City boundary:

RESOLUTION NO. 126-2019
TO CLOSE THE NORTH-SOUTH ALLEY IN BLOCK 31 OF GEORGE T. ABREY’S WOODLAWN PARK ADDITION

BE IT RESOLVED THAT for the benefit of the public health and welfare and safety of persons and property within the City of Owosso, County of Shiawassee, State of Michigan, be and the

Alley Closure Resolution – East-West Alley in Woodlawn Park

A public hearing was conducted to receive citizen comment regarding the request to close the east-west public alley south of Lot 5 and north of Lots 1-4 of Block 31, George T. Abrey’s Woodlawn Park Addition, City of Owosso, Shiawassee County, Michigan (alley behind businesses on Corunna Avenue between Abrey Avenue and the east City boundary).

There were no comments received prior to, or during the public hearing.

Councilmember Fear commented that she didn’t think residents should have to pay to get a survey of their new land. Councilmember Bailey said she felt that in light of the fact that residents were receiving property for free it should be the property owner’s responsibility to get a survey if they wanted one.

Motion by Councilmember Bailey to approve the following resolution authorizing the closing of the east-west alley bounded by Melinda Avenue, Corunna Avenue, Abrey Avenue, and the east City boundary as detailed below:

RESOLUTION NO. 127-2019

TO CLOSE THE EAST-WEST ALLEY IN BLOCK 31 OF GEORGE T. ABREY’S WOODLAWN PARK ADDITION

**CITIZEN COMMENTS AND QUESTIONS**

Tom Manke, 2910 W. M-21, commented on the great Art Walk event this weekend. He went on to recommend the City hire an historian for the Historical Properties Director position recently vacated by Robert Doran. He also accused the City of making plans to transfer the ownership of the City's historical assets to a non-profit organization.

Eddie Urban, 601 Glenwood Avenue, presented the Mayor with a news clipping from May 19, 2009 showing him being sworn in when he was first appointed to City Council.

Mayor Eveleth thanked the Main Street Board and the Friends of the Shiawassee River for the great Art Walk and Wine Tasting events held over the weekend. Responding to Mr. Manke’s comments, he indicated that there has been no proposal delivered to Council regarding the lease of City assets to another organization.

Following on the Mayor’s comments, City Manager Henne said that it was not the City’s intention to give away assets, a non-profit would only serve to maintain the assets. The properties in question will not leave the ownership of the City. He also indicated that the Historical Commission has yet to respond to the draft plan that was submitted to them in January.

Mayor Pro-Tem Osika wished Mayor Eveleth a happy belated birthday. She also congratulated Main Street Director Josh Adams on a job well done.

Councilmember Bailey said she had a great time at a number of local events this past weekend.

III. Water & Sewer System Charges

System Charges as provided in the table below account for water or sewer system reserve capacity provided for new customers but financed at system expense.

Out of Town Water System Charges apply to retail customers outside the Owosso City Limits unless otherwise provided in an agreement between the City and the respective municipality. City Sewer System Charges do not apply to out-of-town water services. The respective Township regulates sewer service connections in their jurisdiction and their sewer charges thus apply.

Sewer System Charges do not apply to separate water only metered services such as irrigation, fire sprinkler service, or approved industrial applications where the water used does not go to a wastewater system.

A residential duplex served by a single service line and meter shall have a minimum meter size of ¾”. Determination of appropriate meter size for other larger services is subject to review and approval by the Director of Utilities prior to acceptance of the application for service. That review shall be based on the user’s demand potential and generally accepted practices for sizing water meters based on expected average and peak flow rates. Generally, the meter size shall be reduced no more than one standard size from the size of the water line (e.g., a 1.5” meter is acceptable with a 2” service line).

When an existing water service is enlarged or replaced with a larger water service due to an expansion of the customer’s water demand, the Water and Sewer System charges shall be charged based on that for the new meter size minus that for the existing water meter size. There is no credit or rebate on reduction of meter size. In the event a new connection is made to up-size the service line (for example 6” to 8”) and the meter size remains the same, no additional system charges will be assessed.

These charges apply in cases where only the cost of meter installation is required for a new water meter and account. The charge includes costs of water meter, meter transmission unit (MTU), couplings/horn, service vehicle, one-hour meter installation and inspection, permit fee, and administration fee for 5/8", 3/4", and 1" meters only. A licensed plumber may be required to make interior piping changes.

3/4" meter $485

Meters larger than 1" will be charged at actual cost and be installed by a licensed contractor.

WHEREAS, the city of Owosso must have policies and service charges in addition to the basic rates pursuant to the Code of Ordinances of the City of Owosso, Michigan Sec. 34-79. Additional regulations and Sec. 34-81 Rules, regulations and fees.

NOW, THEREFORE, BE IT RESOLVED by the city council of the city of Owosso, Shiawassee County, Michigan that:

FIRST: The city council hereby adopts the following policies and service charges for the water utility which shall become effective October 1, 2019.

SECOND: That any policies previously adopted which conflict with the provisions of the following policies and services are hereby repealed.

MISCELLANEOUS WATER POLICIES AND SERVICE CHARGES EFFECTIVE OCTOBER 1, 2019

I. Service Costs – Customer Request for Turn-on/off of Water Service

a. There shall be no service charge for routine turn-on or turn-off of a water service during normal working hours or for an emergency after-hours call. Normal work hours are 7:00 a.m. to 3:30 p.m. Monday-Friday excluding holidays. An emergency is a situation such as a ruptured water service line that would result in significant loss of water and/or property damage and is not due to negligence or fault of the customer.

b. A $30.00 service charge shall apply for return appointments during normal work hours when required by the customer’s failure to keep a previous service appointment. (Note: A water service will not be turned on unless a responsible person is present who can verify that there are no leaks in the internal plumbing.)

c. A $30.00 service charge shall no longer apply for seasonal meter turn-on and account activation (during normal working hours only). Quarterly Readiness to Service charges shall continue to be billed.
d. A $60.00 service charge shall apply for after-hours, non-emergency customer-requested and scheduled service calls up to one hour in duration. After-hours service exceeding one hour and/or requiring more than one employee will be charged the actual cost.

II. Service Costs - Customer Request for RPZ (reduced pressure zone) Backflow Inspection
   a. Initial compliance inspections and noncompliance inspections are at no charge to the customer.
   b. If additional inspections are necessary, a $30.00 re-inspection fee for each additional inspection will be added to the water bill.

   a. A $30.00 service charge shall be applied when payment is not received by the shut-off due date, and the past due account was added to the shut-off listing.
   b. An additional $30.00 service charge shall be paid prior to turning on a water service, which was turned off for nonpayment, if such turn-on request would occur after 5:00 p.m. on a normal working day.
   c. A $25.00 service charge shall be paid for returned payments (for any reason), for account holders having insufficient funds. A $35.00 service charge shall be paid for any returned payments due to insufficient funds paid after the above 7 days.

This fee includes the minimum charge of $50.00 for 5,000 bulk gallons of water, plus additional charges of $10.00 per 1,000 gallons, or fraction thereof, consumed greater than the minimum quantity. Owosso water system personnel will attach a water meter and RPZ backflow preventer to the hydrant for contractor use. If the water meter and RPZ are returned in good operating condition, the contractor will receive a $450.00 refund, less charges for additional water consumed greater than the minimum quantity. Hydrant meters will not be provided from December 1 and March 31, unless the contractor can provide acceptable protection of equipment during freezing temperatures.

COMMUNICATIONS

CITIZEN COMMENTS AND QUESTIONS

Tom Manke, 2910 W. M-21, inquired whether the Historic Properties Director position will be filled in the future, and if not, who will be in charge of the Historical Commission? He further asked if City administrators had the authority to develop policies without Council’s approval. Changing gears, Mr. Manke said the City cannot afford to put another moratorium in place for recreational marijuana facilities at the risk of alienating millennial voters.

Pete Yerian, 1471 Jackson Drive, suggested Council consider a rule providing preference for marijuana businesses based in the county since they are more likely to give back to the community than a business based far away.

Eddie Urban, 601 Glenwood Avenue, commented about visiting the County Health Department and his enjoyment of funny movies.

Larry Johnson, Director of the Shiawassee County Health Department, indicated he was present at the request of the City Manager to detail the efforts the Health Department is undertaking to educate the public about the dangers of marijuana. He gave the City a large stack of information cards to hand out to the public and spread the message.

Mayor Eveleth asked Mr. Johnson about the status of the Hepatitis A outbreak. Mr. Johnson indicated that they had received grant funding from the State to assist in their efforts to control the spread of the disease and he was happy to say that the outbreak was now under control within the county.

Councilmember Pidek inquired about data the Health Department is tracking regarding Hepatitis A and auto accidents involving marijuana. Director Johnson said that they currently track the number of Hepatitis A cases in the county but do not track marijuana related accidents at this time.

Mayor Eveleth asked the City Manager about his thoughts on the Historic Properties Director position. City Manager Henne indicated that he had recently engaged the OHC board on the matter and they would like to continue without a director until someone new can be hired. He reminded the Council that filling the position was his prerogative as City Manager. He further stated that the City’s only purpose in developing an operations agreement with a non-profit organization would be to make historical related services delivered to residents more efficient.

Mayor Eveleth reminded everyone that the Historic Home Tour is this Saturday from 10:00am until 5:00pm. Councilmember Fear pointed out there are still docent positions available for anyone interested. Councilmember Fear congratulated Councilmember Pidek on the opening of his new Foster Coffee location in East Lansing.

Councilmember Law said he was happy the Council was planning on having discussions regarding recreational marijuana. He said he would like to see the City move with as much speed as possible so things don’t get bogged down with recreational marijuana regulation the way they did with medical marijuana. He also said that it was his opinion that medical marijuana would eventually disappear in favor of recreational marijuana.

Councilmember Law went on to thank the Council for appointing a new member to the Shiawassee County Firefighters’ Memorial Steering Committee. He displayed two engraved insulated mugs that are now available for sale. He said he also has tickets for their upcoming raffle.
