Add "2023 Water Service Line Identification Project Questions" to the Contract Documents.

END OF ITEM NO. 1

**END OF ADDENDUM NO. 1**

## 2023 Water Service Line Identification Project Questions

Q: Will the city provide a site for dumping of spoils.

A: No, the contractor will be responsible for the disposal of all spoils.

Q: Will the city charge for water usage?

A: The city has hydrant meters available for the contractor to rent.

\$1,000 prepayment is required which covers the usage of the water meter/RPZ and bulk water prepayment per the following charges:

Bulk water rates: \$12.00 per \$1,000 gallons, \$60.00 minimum charge which includes the first 5,000 gallons.

When the meter and RPZ are returned in good condition, \$450 will be returned, less any water use over the minimum charge for 5,000 gallons.

The contractor can also pick up water at the city of Owosso DPW Garage at 522 Milwaukee Street. Bulk water rates apply. Prepayment is required.
