Arbor Day Proclamation

**A PROCLAMATION
OF THE MAYOR'S OFFICE OF THE CITY OF OWOSSO, MICHIGAN
PROCLAIMING APRIL 28, 2017 AS
ARBOR DAY IN THE CITY OF OWOSSO**

Whereas, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees. This holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, decades before this in the 1830's, Owosso was making the transition from settlement to city thanks to the amazing vision of Alfred and Benjamin Williams. The Williams brothers joined with early settlers, Dr. and Mrs. John Barnes, in designing a city layout that would preserve a natural character and aesthetic appeal. This led them to plant many of the trees that have made our city streets so beautiful for over 175 years, leading to the lovely arbors of trees that frame so many of our boulevards and the many mature trees that stand in our yards, and

Whereas, these trees have reduced the erosion of our precious topsoil by wind and water, cut our heating and cooling costs by shading our homes, cleansed the air, produced life-giving oxygen, and provided habitat for wildlife, at the same time increasing property values, enhancing the economic vitality of business areas, and generally adding beauty to our neighborhoods and parks, and

Whereas, it falls to each generation to continue the stewardship that was launched by our founding families through the planting of new trees throughout our city to replace those that are lost, and

Whereas, Owosso is proud to hold the Tree City USA designation and to be engaged once again with the citizens of Owosso to plant new trees throughout the City.

Now, Therefore, I, Christopher T. Eveleth, Mayor of the City of Owosso, do hereby proclaim April 28h, 2017 as Arbor Day in the City of Owosso, and I urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, I urge our citizens to plant trees to promote the well-being of this generation and our posterity.

Proclaimed this 17th day of April, 2017.

CITIZEN COMMENTS AND QUESTIONS

Tom Manke thanked the council for keeping their eye on the bottom line and protecting taxpayers.. He also commented on MAGNET funding and shared that the county is no longer supporting MAGNET. He also stated he has learned the Sheriff's department no longer has an officer with them and part of the problem is that MAGNET will not tell how they are spending their money. Mr. Manke related that the state receives all the forfeiture money for drug busts. He has interviewed several people and believes that MAGNET doesn't go after the "King Pin". He is asking the council to hold MAGNET's feet to the fire.

Eddie Urban stated he felt that television gives away to many secrets on how offenders are arrested and how they are captured. He also commented on drones. He reported that he had asked Councilmember Fox if he could shoot down a drone.

Mayor Eveleth reported that council is right is in the midst of budget workshops and will be discussing MAGNET funding again. He also explained to the city attorney there was a constituent question regarding discharging of a fire arm in the city limits. The constituent questioned if it was a self- defense situation would the city ordinance be enforced. The mayor explained he thought that state law would supersede the city ordinance. The city attorney agreed with the mayor.

Councilmember Law asked if the city ordinance should be amended to reflect that state law would supersede the ordinance.

Councilmember Fox asked Public Safety Director Lenkart if somebody breaks into their front door that doesn't mean they could necessarily shoot them. Director Lenkart responded that he doesn't like to respond to a "what if" questions there are too many factors that play into it and every situation is different.

Councilmember Fox went on to explain that he feels that it boils down to using common sense in these situations.

In response to Councilmember Law's question, City Manager Crawford stated he believes that when city ordinances are codified there is a footnote stating State Law supersedes the city ordinance.

Councilmember Greenway asked for clarification of the law and asked if her doors were locked and somebody broke into her house will she have to wait to see if they have a gun. Mayor Eveleth responded to her agreeing with Director Lenkart that every situation is different and he also stated he would have to go and look at the State Law and the Castle Doctrine more closely.

Councilmember Greenway expressed the fact that she didn't think that the hypothetical person that had broken into her house would be impressed with a tennis racket.

The city attorney cautioned the council about giving legal advice under any circumstance.

Councilmember Fox reported he has had several people complain about the condition of Allendale Avenue. He drove down Allendale Avenue and said it is an alley of potholes. He asked to do some more pothole filling and maybe add it to the program as a chip and seal.

The city manager stated that they just heard about it last week and will at least fill the pot holes.

CITY MANAGER REPORT

City Manager Crawford indicated he had nothing to report at this time.
