Dear Randy,

We are hereby submitting a change order request for your review and consideration of the additional professional services requested by the City of Owosso related to the 2017 Street Improvement Project.

Design Engineering - Rd/Storm Sewer

Item No. 1 Additional Surveying for Road Cross Sections:

Field and office work to obtain three (3) topographic shots at each station along Phase 1, Chipman Street and Stewart Street. Field surveyed elevations will be obtained at gutter left, road centerline, and gutter right at each 100-foot station.

The above stated additional professional services shall be completed for a lump sum fee of \$700.00.

Item No. 2 Chestnut Street Improvements Addition

Addition of Chestnut Street Improvements from South Street to W. Stewart Street. Professional services included CAD technician and project management. Project management included QA/QC of plans, details, typical sections, special provisions, and project quantity takeoffs. Professional services presented below are based on the actual labor requirement (hours spent), and the additional professional services fee schedule presented in our proposal. There is no additional markup or administration fee.

CAD Technician: 16.25 hours @ \$70 per hour = \$1,137.50 Project Manager: 6.00 hours @ \$130 per hour = \$780.00 Total = \$1,917.50

The above stated additional professional services shall be completed for a lump sum fee of \$1,917.50.

Item No. 3 Additional Roadway CAD Technician Services

As mentioned in an email dated May 24, 2017, the completion of the street improvements required more effort than the estimated 120 hours (per Addendum No. 1) used to establish our anticipated professional services fee. An additional professional services fee schedule was provided in our proposal for additional services beyond the anticipated scope of work. Additional professional services included CAD technician and project management. Project management included QA/QC of plans, details, typical sections, special provisions, and project quantities takeoffs.

www.fveng.com

Items of work that increased our level of effort included the following:

- 1. Completion of base drawings that were less complete than originally anticipated.
- 2. Completion and re-orientation of plan sheets that were less complete than originally anticipated.
- 3. Moving project base maps to common coordinate system for topographic surveying, design, and stakeout of water main improvements now included in project.
- 4. Addition of Consumers Energy gas replacements and abandonments to the project plans.
- 5. Combining of Phase 1 and Phase 2 plans into a single project.
- 6. Additional quantity takeoffs.
- 7. Additional QA/QC of plans and special provisions.

Below is a summary of our level of effort:

<u>Classification</u>	Hours Estimated	Actual Hours Spent

MEMORANDUM

301 W. MAIN • OWOSSO, MICHIGAN 48867-2958 • WWW.CI.OWOSSO.MI.US

DATE: July 13, 2017

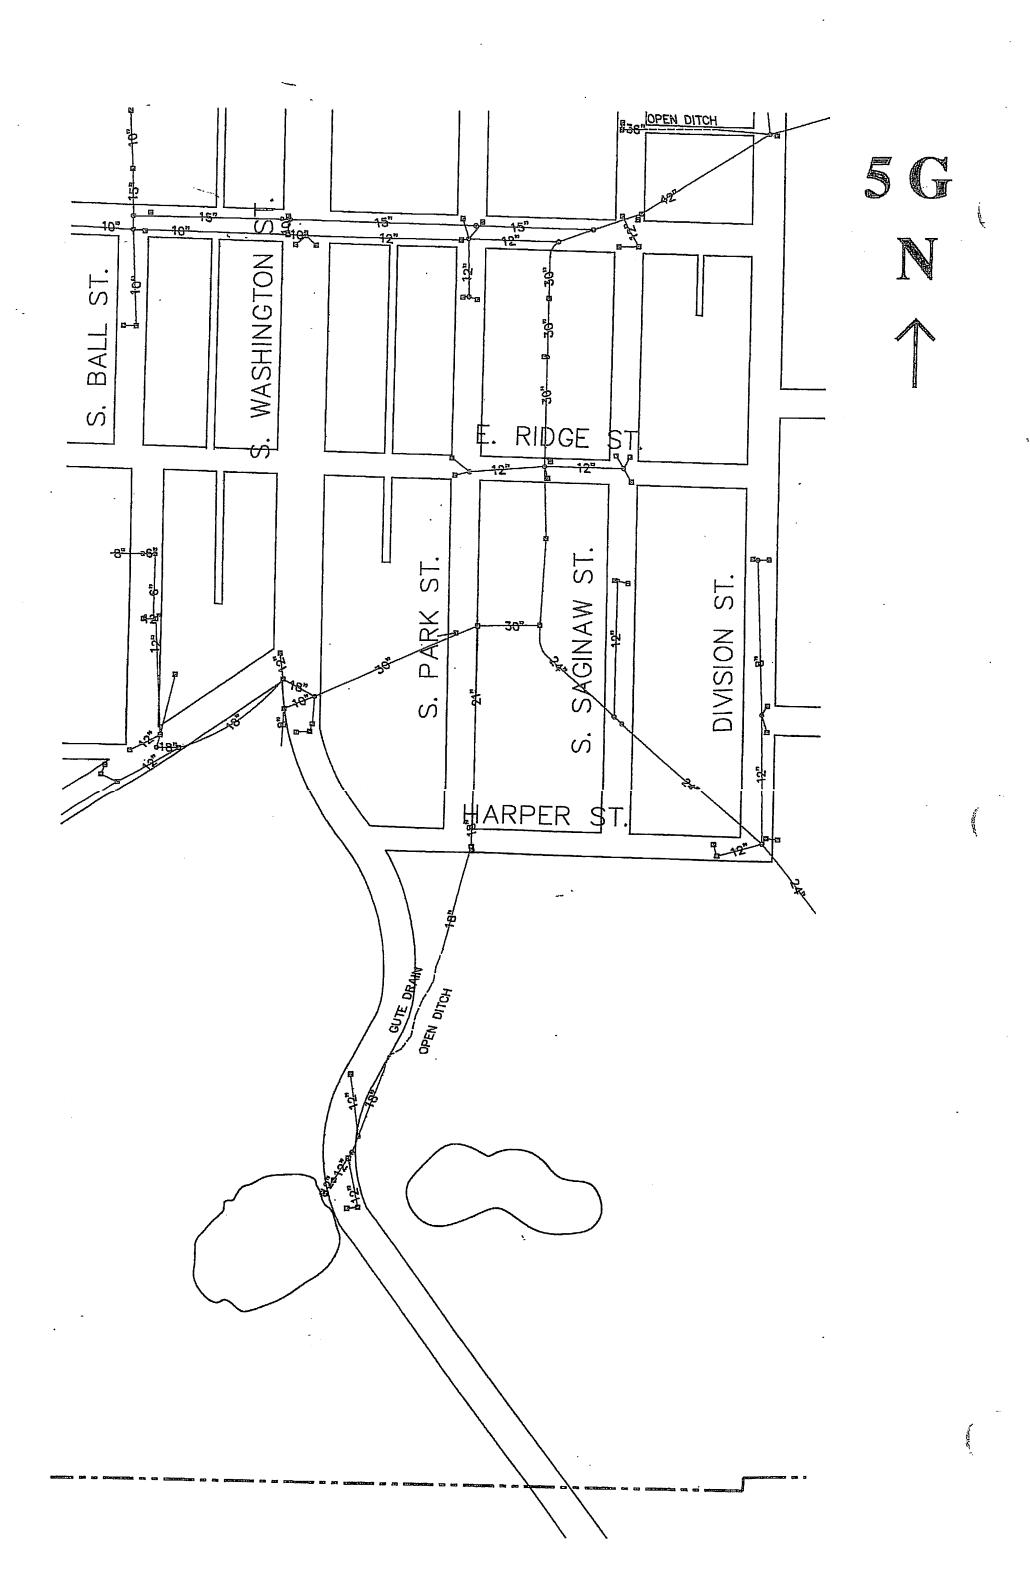

TO: City Council

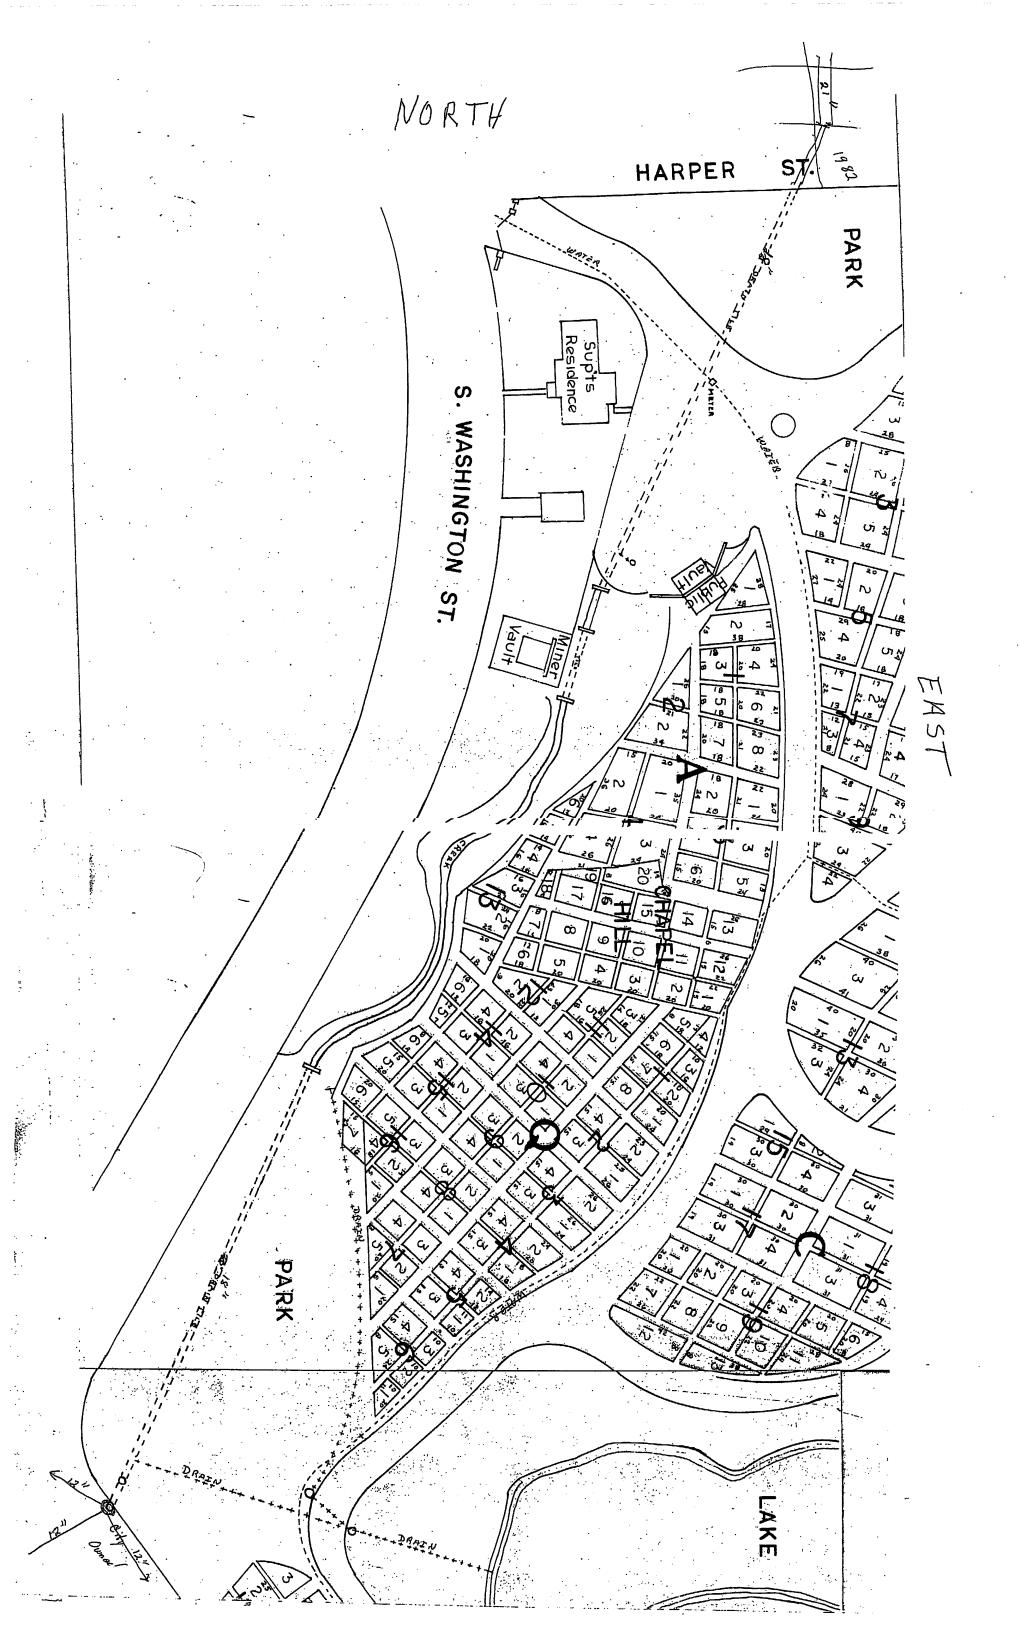

FROM: City Manager

SUBJECT: Oak Hill Cemetery drainage

Burton Fox will be making a presentation concerning drainage in and around Oak Hill Cemetery. To assist in understanding the matter, three items are being provided.

- 1. Map showing known drains in the area. It shows where the Gute Drain comes from Lord's Pond and South Washington Street.
- 2. Map showing part of the cemetery. The Washington Street drains are shown in the lower right corner. The city sewer system begins at Harper Street in the upper left corner.
- 3. A topographic map of the area made in 1973 before much of the Baker College development. Unfortunately the detail is such that it is nearly impossible to determine the drainage basin.

Chris,

It has been my distinct pleasure to participate in the governmental process for the city of Owosso through my involvement on the Planning Commission. The past four years have been interesting to say the least. This has not been an appointment which I have taken lightly. I feel strongly in a citizen's duty to their community.

Unfortunately, I have looked ahead at my personal schedule for the upcoming fall and winter and see my availability to attend the meetings on a consistent and regular basis to be unobtainable. It is not in the best interest of the commission to have members who miss a lot of meetings and is, quite frankly, a disservice to the community. With this in mind, I regret to inform you that I must resign my appointment to the Planning Commission effective August 1st, 2017. If my schedule frees up again in the future I would very much welcome being involved again in some capacity.

Respectfully,

Craig Weaver

ROLL CALL VOTE:

AYES: COMMISSIONERS COLLISON, FEAR, LIVINGSTON, TAYLOR AND CHAIRPERSON WASCHER.

NAYS: NONE

MOTION PASSED

SITE PLAN REVIEW: NONE

BUSINESS ITEMS:

- **1.** Review of Section 38-380 (12)e.
 - The Owosso Zoning Board of Appeals is requesting the review and potential revision of off-street parking requirements for industrial districts.
 - Two requests have come up in the past two years to request a variance for off-street parking in an industrial area. The ordinance may be somewhat outdated as to the requirements based on either number of employees or usable floor space. With today's technology, employers may have less employees and more automation.
 - Commissioner Fear suggested leaving it as is for now due to only 2 situations has come
 up.
 - Ms. Montenegro will look into getting similar updated language for the next meeting, for the Planning Commission to review and see if there is a need to proceed with changes.
- 2. <u>Citizen participation plan.</u> Review of current citizen participation plan.
 - The City of Owosso is interested in applying to the MEDC under the Redevelopment Ready Communities Program to become certified as a Redevelopment Ready Community (RRC) and receive assistance from the program in promoting sites within the community.
 - Ms. Montenegro originally wrote a plan back in 2014. Community Development Block Grants (CDBG) require a citizen participation plan to receive monies through the program.
 - The Redevelopment Ready Communities program also requires the plan. Ms. Montenegro presented an update to the 2014 version to the State MEDC. A couple of additions will be added and Ms. Montenegro will present the plan again to the Planning Commission for approval. After which, the plan will be presented to the City Council for approval. The City will then have to complete the steps laid out from the MEDC to become certified in the Redevelopment Ready Communities program, which could take 1 -2 years to complete.
 - Ways to reach the public by social media and a survey and evaluation would both be goods tools to add to the plan. Ms. Montenegro will look at other communities for additional ideas for the plan.
 - In addition, the Master Plan is due to be updated.

ITEMS OF DISCUSSION:

Marijuana discussion regarding the changes coming in December. Council needs to set dates for Medical Marijuana Workshops to inform public of what is coming and get a general census of what the public wants.
