- BUSINESS:**
1. Skate Park
    - Update- Spohn Ranch Skateparks - visuals will be shown at the meeting of conceptual designs that could be used with little or no additional tweaking

The Commissioners were shown seven off the shelf skate park designs from Spohn Ranch. It will be cheaper if we can incorporate a design that is pre-designed rather than

start from scratch. The plans can then be modified to fit Owosso's needs. They can also be built in phases if all the money is not available at the start of the project. The members of the skate community looked at drawings of the preexisting skate parks and gave their input on which ones they liked. Commissioner Espich will post the top three designs on Facebook to get other opinions. The next step will be fund raising. Sue Montenegro suggested that maybe the Plunge for the Parks in Hopkins Lake could be utilized to raise funds.

2. Disc Golf

The disc golf course and baskets are sitting in the Department of Public Works garage. The City manager still has not seen the final plans. Commissioner Woodworth will try to see what the holdup is.

**DISCUSSION:** None

### SNOWBALL TOSS

Cut several holes into a flat piece of plywood. If real snow covers the ground, have carnival guests make snowballs and toss them into the holes. If real snow is not available, cover foam balls with glue and silver glitter to represent snowballs. Award successful players with candy or small plastic toys. ### SNOW PAINTING

Make snow paint. Simply add food coloring to water and put in a spray bottle, then go out and paint your yard!

### BUILD AN IGLOO

Kids can use a shovel or their hands to build them. Can have buckets to scoop snow too.

### BIGGEST SNOWBALL

Who can build the biggest snowball contest.

### PLAY WINTER "HORSESHOES."

Bury a wide-mouthed water bottle in the snow so that the mouth is flush with the snow's surface, then gather sticks or small stones to toss into it from a few yards back. You can create your own version with a can or bowl in a backyard or park.

### SNOW BASEBALL

- Set up a baseball diamond with a mound of snow representing home plate and first, second and third bases.
- Place an empty water bottle on the top of each mound.
- The pitcher stands in the middle of the diamond and hurls snowballs first at home plate, then around the bases.
- Whoever knocks down the bottles with the fewest pitches wins.

ROPE SNOW TUG.... Have you ever tried TUG OF WAR in the snow?! Fun!!!

- Team up for a slip-sliding variation of tug-of-war.
- Tamp down a wide, shallow trench in the snow to serve as the mid line. Then, take up positions at the ends of a long, thick rope and let the tugging and towing begin.
- Whichever team pulls the entire opposing group over to its side of the trench wins.

### HULA HOOP CHALLENGE!

Have you ever tried using 'Hula Hoops' all bundled up in winter clothing? Have a contest to see who can last the longest!

### SNOWMAN HAT TRICK

Build a plump, snowman in the yard/play-field. Make a game of taking turns trying to land a hat on his head by throwing it Frisbee style from 10 or so feet away.
