4. MASTER PLAN REVIEW

The Master Plan was adopted by the Planning Commission and the City Council in June 2021. Following the plan's adoption, the city hired a consultant to lead City Council and staff through three strategic planning sessions (two have been completed) centered on the Master Plan. One of the outcomes from these sessions was staff correlating Council agenda items with Master Plan Goals. Each agenda item now clearly states which Master Plan goals it will work toward. This keeps the Master Plan and the identified goals front and center as the city moves forward.

Although it is too soon to assess Master Plan progress in-depth, the city has made several significant strides. CIP Planning was hired to assist with a Zoning Ordinance rewrite. Having the Zoning Ordinance aligned with the Master Plan will be instrumental in helping the city achieve its goals. The city has pursued Safe Routes to School funding to enhance walkable neighborhoods. A developer was located for the former church property at Washington and Monroe Streets, and the property was successfully rezoned to accommodate reuse of the church for apartments with additional units built around it.

Master P	Master Plan Goals:				
•	Goal 1: Protect health, safety, and general wellbeing of the community				
•	Goal 2: Provide excellent customer service to residents and investors				
•	Goal 3: Maintain fiscal responsibility and sustainability				
•	Goal 4: Identify, preserve, and enhance the community's character				
•	Goal 5: Increase quality of life and quality of place for all				
•	Goal 6: Boost local economy				
	Goal 7: Strengthen public and private partnerships				

5. ECONOMIC DEVELOPMENT STRATEGY REVIEW

The Economic Development Strategy was adopted as part of the Master Plan by the Planning Commission and City Council in June 2021.

Steps the City has taken towards achieving economic development goals include:

- Continuing to work toward Redevelopment Ready Community Certification
- The city is in the process of a Zoning Ordinance rewrite
- The city has hired a second code enforcement staff member
- The city has created and maintains an online Guide to Development
- The city continues to partner with the Shiawassee Economic Development Partnership

6. ZONING ORDINANCE AMENDMENTS

a. Zoning Ordinance:

June 2021 – the city contracted with CIB Planning to rewrite the zoning ordinance. This is about a 15-18 month process.

b. Rezoning Requests:

Address:	Rezoning Request:	Status:
702 S Park	R-1 to RM-1	Approved
703 S Washington	R-2 to RM-1	Approved
715 S Washington	B-1 to RM-1	Approved
803 S Washington	R-2 to RM-1	Approved
108 N Chipman	B-3 to I-1	Approved

PUBLIC PARTICIPATION PLAN

The City's Public Participation Plan was adopted October 2017 and will be updated in 2022. Staff will work on reviewing and updating the plan to send recommendations to the Planning Commission and then City Council by July.

The recently approved Master Plan went above recommendations laid out in the participation plan. A committee was formed, a driving tour was conducted, numerous public meetings were held, and drafts of the plan were sent directly to key stakeholders, as was a public survey.

The COVID-19 pandemic has caused many challenges for citizen participation. The city pivoted to holding virtual public meetings, utilizing social media, conducting electronic surveys and more. The city also installed equipment in Council Chambers so public meetings can be live streamed, offering a hybrid participation option of in-person and online.

The city has increased its social media presence to include Facebook, Instagram and Twitter. In 2020, the city started using an email-marketing platform to send out monthly newsletters, bid notifications, employment opportunities, and emergency alerts. Staff continues to use traditional methods of communication as well, such as newspaper postings, mailing letters, and using door hangers when applicable.

SURVEY REVIEW AND DEVELOPMENT PROCESS ASSESSMENT

This section of the annual report is for the Commission to discuss and review the development process. Some helpful questions to cover include:

- Did the Commission receive any surveys regarding the development process?
- Is there anything the Commission can do to receive more surveys?
- Are there changes the Commission can make to address concerns mentioned in the surveys?
- How does the Commission feel the process is working?

As of December 2021, the forms have been reviewed by staff and updated in terms of readability and process flow. Now having one dedicated employee to complete the review process, there seems to be fewer issues in communication and obtaining the appropriate department feedback required for the Planning Commission. This in turn puts a full packet together for the Planning Commission members to make educated decisions.

REDEVELOPMENT READY COMMUNITIES

Based on feedback from communities and partners, the MEDC redesigned the Redevelopment Ready Communities (RRC) program in February 2021. The new program has two paths, the Essentials Path and the Certified Path. There has also been updates to some of the Best Practices. Owosso has selected the Certified Path, which will have more requirements but will also offer enhanced benefits to the community. Items that have been added to the RRC program are noted in red while items that were removed are shown but are crossed out.
